Yearbook Staff

It is because of an unexplainable ability, many time referred to as talent, that only a few are capable of creating works of art which are truly good and which will be enjoyed by the understanding observer. With talent as a requirement, the art staff accepts the ability of any grade student and not only seniors. In this way, as a student body, we wish to produce a book which might be given to our seniors as a remembrance and token of our best and most sincere works. Our motif this year is in the most modern trend and expresses the ability of a new and modern youth learned in a modern atmosphere and intending to enter a world as modern and mysterious as our wildest desires to reach the stars.

The literary staff worked very diligently to collect and compile information so that this yearbook would be both interesting and informative to the reader. Many articles were written several times before they met the standards set forth.

Shirley Bolinger, editor-in-chief, and Eddie Browell, literary editor, should be applauded for their excellent contributions and drive which pushed the work forward. However, many people were responsible for the articles in this yearbook and each should get his due recognition as follows: DEDICATION AND FOREWORD: A. White and G. Reed. LITERARY THEME: S. Bolinger. PROPHECY: G. Reed. TEACHERS AND DEPARTMENTS: C. Stoler. SENIOR PICTURE WRITE-UPS: A. White, A. May, H. Guines, C. Markley. SPORTS: J. Reed, D. Donaldson, G. Reed, J. Barto, J. Clark, S. Bolinger. MUSIC: J. Donaldson, J. Patterson. ACTIVITIES: J. Reed, A. Tedrow, C. Markley, G. Benner, B. Brown, T. Black, J. Tydeman, A. Young, H. Guines, A. White, P. Baker. CLASSES: D. Barto, M. Sitch, J. Benner, E. Jones, C. Barto.

The Advertising and Sales Staffs of the yearbook have contributed greatly to the 1963 edition of the *Titan*. Without their assistance and cooperation the *Titan* could not have been published.

During the months of November and December, carloads of eager members solicited advertisements in the businesses of the local area and in the surrounding communities. From the money collected on these trips, a large portion of the expense of printing the yearbook was defrayed. The members of the Advertising Staff were as follows: A. Young, manager; S. Bolinger, J. Barto, M. Garner, A. May, C. Mellott, C. O'Neal, J. Patterson, J. Smith, N. Stinson, and D. Thomas.

Another ready, willing, and eager business staff was appointed to take care of the selling of the *Titan*—the Sales Staff. The efficient members on this staff could be seen almost every morning dashing from room to room collecting yearbook subscriptions and money from the students. The members of this department were: J. Diehl, manager; M. Abbott, B. Brown, J. DeLuca, L. Grace, J. Hockenberry, E. Lodge, N. Ritchey, J. Scott, C. Stoler, Tedrow, J. Thomas, D. Willison, S. Worthing, and D. Zimmerman.

This year the business staffs of the yearbook were under the leadership of two competent business teachers—Miss Satterfield and Mr. Ramper. The advice and help which they have given these two staffs has been greatly appreciated by the members.

Our TITAN Editors

We, the members of the *Titan* staff, have endeavored to present you a yearbook of memories which you will long cherish. These memories will renew your picture of Tussey Mountain High School in the future when you may be miles away.

Through much hard work and many challenges, we bring to you the following pages filled with interest, activity, sports, and familiar faces.

We wish to thank our advisors, Miss Mayer, Mr. Latina, Mr. Ramper, and Miss Satterfield for the constant assistance and excellent guidance they have given us.

We sincerely hope that you will obtain as much pleasure from receiving this yearbook as we do presenting it to you.

Shirley Bolinger
Editor-in-Chief
1962-63 *Titan*

Shirley's diligent-working assistants whose constant leadership and self-labor were so vital in the construction of our *Titan*. Left to right: Jeff Steele, Art Editor; Annamary May, Production Editor; Eddie Browell, Literary Editor.

Dedication

L. Maude Long Ritchey, a confident teacher, past principal, and a guiding and helpful friend, has devoted her life to educating, serving, and assisting three generations of pupils. Her long career had its beginning in a one-room school in Dry Run. Since then several decades have elapsed and within these years she has broadened both her knowledge and her teaching methods by taking graduate courses at Duke University and the Universities of Pennsylvania and Wyoming. Today she possesses the newer techniques of teaching mixed to near perfection with some never out-dated ideals of her profession.

In recognition of these many years of service, we the 1963 graduates of Tussey Mountain High School take great pleasure in dedicating our *Titan* to you, Mrs. Ritchey—you who have so tirelessly and unselfishly given us of your time, your knowledge, and yourself.

MR. BRUCE LANE, President

I have been associated with the Tussey Mountain Board of Education for a number of years. At the present I am serving in the capacity of President of the organization. For this honor, bestowed on me by my fellow members, I am most grateful. It is with deep humility that I serve.

May I say to you that our present facilities and programs of studies are in existence only through the concerted efforts of our local citizens, especially those who have served or who are now serving as members of the Board of Education. I am sure these accomplishments have not been in vain. Our rewards will be the scholastic progress and moral growth, shown by the students now in attendance or any students attending in the future.

Our sincere desire and prayer is that such progress will continue always. In the near future you students will be assuming our present tasks and obligations. Your daily preparations will prepare you accordingly for these tasks. Your generation will be equipped to accomplish greater feats.

School Board Members

Members of the Tussey Mountain Joint School Board are as follows: BROAD TOP CITY BOROUGH: Adam Black, vice-president; Jesse Clark, president; Helen Gracey, Alberta Lane, secretary; Albert Stevenson Sr. BROAD TOP TOWNSHIP: John Folk, vice-president; Chester Hitchens, secretary; Stewart Leighty, Vaughn Tenley, president; Oliver Smith, C. Clair Winters, treasurer. CARBON TOWNSHIP: Max Donaldson, secretary; Merwyn Donaldson, vice-president; James Patterson, Arthur Speck, president; Roswell Speck. COALDALE BOROUGH; Kenneth Foster, vice-president; Charles Jenkins, Edward Mohr, president; Donald Wright, Ralph McIntyre, secretary. COALMONT BOROUGH: Alene Adolphson, secretary; Vera Black, Erma Bussard, Mildred Donaldson, vice-president; Loretta Patterson, president. DUDLEY BOROUGH: George Bollinger, vice-president; Elmer Carberry, treasurer; Leo Houck, secretary; Alex Maslanik, president; William Reed Jr. HOPEWELL TOWNSHIP: Robert Clapper, Elvin Hinkle, secretary; Clyde Lane, vice-president; Charles Russell, George Shontz, president. LIBERTY TOWNSHIP: Paul Brumbaugh, president; Ned Hollingshead, Elias Lynn, treasurer; Jack Spencer, vice-president; Joseph Wyles Jr., secretary. SAXTON BOROUGH: Mark Bulger, Ralph Isett, treasurer; Paul Mountain, secretary; Paul Stewart, vice-president; Robert Williams, president. TODD TOWNSHIP: Kenneth Barrett, Walter Curfman, secretary; Herbert Hess, Bruce Lane, president; James Saylor, vice-president. WOOD TOWNSHIP: Thomas Davis, secretary; Harry Lashinsky, Walter Ford, James Park, president; James Price, vice-president. COMMITTEES: Supply and Finance, Athletic and Cafeteria; Ralph Isett, chairman; Helen Gracey, Vaughn Tenley, Max Donaldson, Edward Mohr, Loretta Patterson, Leo Houck, Clyde Lane, Ned Hollingshead, James Saylor, Harry Lashinsky. Building and Transportation; John Folk, chairman; Adam Black, James Patterson, Charles Jenkins, Erma Bussard, Elmer Carberry, George Shontz, Jack Spencer, Robert Williams, Herbert Hess, James Price. Policy and Personnel; Alberta Lane, chairman; Chester Hitchens, Merwyn Donaldson, Kenneth Foster, Alene Adolphson, George Bollinger, George Russell, Paul Brumbaugh, Paul Stewart, Kenneth Barrett, and James Park.

Education is a gradual and complex journey, but the destination of achievement holds greater rewards with each mile of travel.

SUPERVISING PRINCIPAL
Harry H. Alcorn

Education is a continuous process. This has always been true. Today, education is subject to swift and radical changes. Realizing this, education faces its greatest challenge. What is acceptable today may be obsolete tomorrow.

Students, the training which you are now receiving is adequate and basic. Tomorrow much of it may be disregarded. To keep abreast of these changes, you must always possess an open mind correlated with a strong desire to penetrate new horizons. To do otherwise would make you obsolete.

The real challenge is change. A characteristic of all life is the ability to change. Our creator has so endowed us. A constant awareness will indicate the time for action. Act in a positive manner. In this manner you will be able to cope with society as well as to contribute to it.

A school, like a home, "takes a heap of living." The first year in our new building was a real shake-down cruise during which everything had to be tested—the building, curriculum, new rules, and regulations. The transition from cold unfamiliarity to warm pride and friendliness was gradually accomplished.

Now, in our second year of occupancy, pride of possession and "esprit de corps" have developed, and the traditions of Tussey Mountain High School, which will be cherished for many years to come, are evolving. You are all a special part of it.

As for the physical facilities, we know that everything necessary has been provided to insure the kind of education needed in the construction of the future on our local, national, and international scenes.

E. Wilson Gates
Principal

One hundred years ago it was the goal of our society to teach everyone to read and to write. At the time, this task seemed insurmountable. Now, most of this challenge has been realized.

Today, we possess, in our community, a new physical plant with the potential to teach students to meet and to surmount even greater tasks in the decades ahead. The outer dimension of our school is not yet known. This feature of it stands like a mountain in the distance. We can see it in the future, and we know our commitment. May the close of the twentieth century find us possessed with achievements equal to those of our distinguished forebears.

G. Allen Hoover
Assistant Principal

SCIENCE DEPARTMENT—The purpose of our science department is to improve habits of precision and so cultivate an attitude of inquiry and research.

LIBRARY DEPARTMENT—The eventual purpose of our library, after sufficiently being stocked, will be to give the student of Tussey Mountain a wide and varied research facility.

BUSINESS DEPARTMENT—Our department of business is designed to furnish specialized vocational preparations for students who intend to go directly into an office job. Instruction is characterized by proficiency in: business arithmetic, typewriting, bookkeeping, business law, office practice, and stenography.

SOCIAL STUDIES DEPARTMENT—In our social studies department the student is confronted with history, politics, sociology, government, and current events.. He also encounters various controversial issues and questions on which he is urged to reach his own decisions after analyzing all the facts.

ENGLISH DEPARTMENT—The instructors in our English department stress proficiency in idiomatic usage, spelling, punctuation, and grammar. In the students mastery of these basic principles he obtains a formidable, correct, and an effective use of English.

LANGUAGE DEPARTMENT—In our language department, students interested in broadening their cultural background are given effective instructions in comprehending our modern and classical languages.

FINE ARTS—Our art department aims to educate a creative person. This course is broad in scope, therefore it gives each student ample opportunity to develop and test his creative ability in a variety of art media.

MUSIC DEPARTMENT—In our music department the students are aided in developing their creative potential whether it be vocal or instrumental. The fine representation of both band and chorus has proven a job well done.

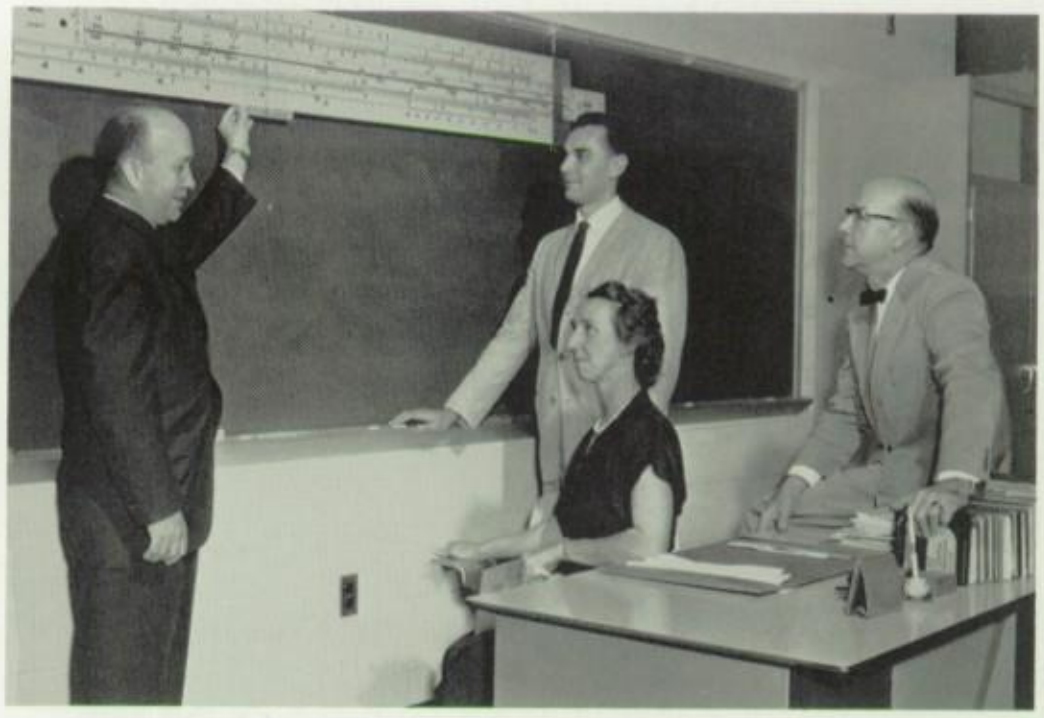
PHYSICAL EDUCATION—Our department of Physical Education provides opportunities for the student to take part in activities which are invigorating and lead to social, physical, and emotional growth and development.



MATHEMATICS DEPARTMENT—The teachers of this department are presently engaged in furthering their knowledge of math, through extended instruction. This new knowledge, ten years in perfection, is a more effective and easier way of expressing the entire math program to the eager students.

Their drive has gained them a perspective of experience and wisdom.

The primary function of Mr. Reasinger and the driver education department is to teach students safety habits and practices in the art of driving. In the class room, students are taught self-discipline, self-guidance, and self-protection. Through a qualified instructor, they develop social-consciousness and concern for the rights and safety of others.

There are many outcomes of high school driver education courses. One of these is the safeguarding of life. The courses offered in driver's education are the best ways we have of combating carelessness and lack of self-control, which are the causes of many accidents. Driver education courses lead to safety on our highways, which is why this department is a vital part of our school system.

They help us route our educational roadway and guide us forward.

The primary function of Mr. Treasure and the guidance department is to assist students in obtaining information about themselves and the world around them. It is assumed that most students can make intelligent decisions, providing they have adequate information. In any event the responsibility for the final decision must rest with the student.

It is the objective of the guidance department to interview all students at least once during the school year. Time and circumstances may not always permit this. Therefore, students are urged to visit the counseling office during their free periods. The counseling office and facilities are always open to any student seeking assistance.

Their lives are dedicated to our benefit.

The purpose of special education is to make available to certain students a quality and quantity of education that is suited to their needs. Students, who range from ages thirteen to seventeen, study such subjects as math, English, social studies, health, science, reading, and spelling. Besides these normal classes, field trips are taken several times each year. In the class room at all times can be found a beautifully displayed bulletin board which adds a cheerful effect to the room.

The greatest task of Mr. Smith and the special education department is the social development of each student. By this, we mean the acquiring of the things necessary to get and hold a job after leaving school. Our special education department has been able to accomplish this. For this reason especially, we are grateful for such a fine department as this in our school system.

Behind typewriters, the public address microphone, and telephones are our four secretaries—Mrs. Shirley Hess, secretary of the school board and secretary to the supervising principal; Mrs. Anna Folk, and Miss Karen Taylor, secretaries in the principal's office; and Miss Carol Snyder, secretary for the cafeteria. As one enters our school, these women are immediately found carrying out their tasks with utmost perfection. Faculty and students both are indebted to the school secretarial staff for their competent and willing assistance in so many varied aspects.

This is Tussey's staff of culinary women. Every day approximately 675 students and teachers hurry toward our cafeteria for their noonday meal. Lunch time is one of our favorite times thanks to our skillful cooks—Thelma Allen, manager; Mae Willison, Fern Burkett, Pauline Hess, Mae Williams, and Virgil Rinard, dishwasher. Their extensive planning, high responsibility, and hard work should be valued highly by the student body.

Here is our ambitious crew of custodians—Clayton Carnell, Robert Ramsey, Carl Ross, Drexel McIntyre, and Wilmer Donahue. These repairmen, firemen, shiners, window washers, dusters, and sweepers are found throughout our school building at their various spots of endeavor. From the crack of dawn until the last light is out at night, our custodians are always on the job. We students appreciate these men for helping to preserve our school building so that its beauty and sturdiness may be retained for many years to come.

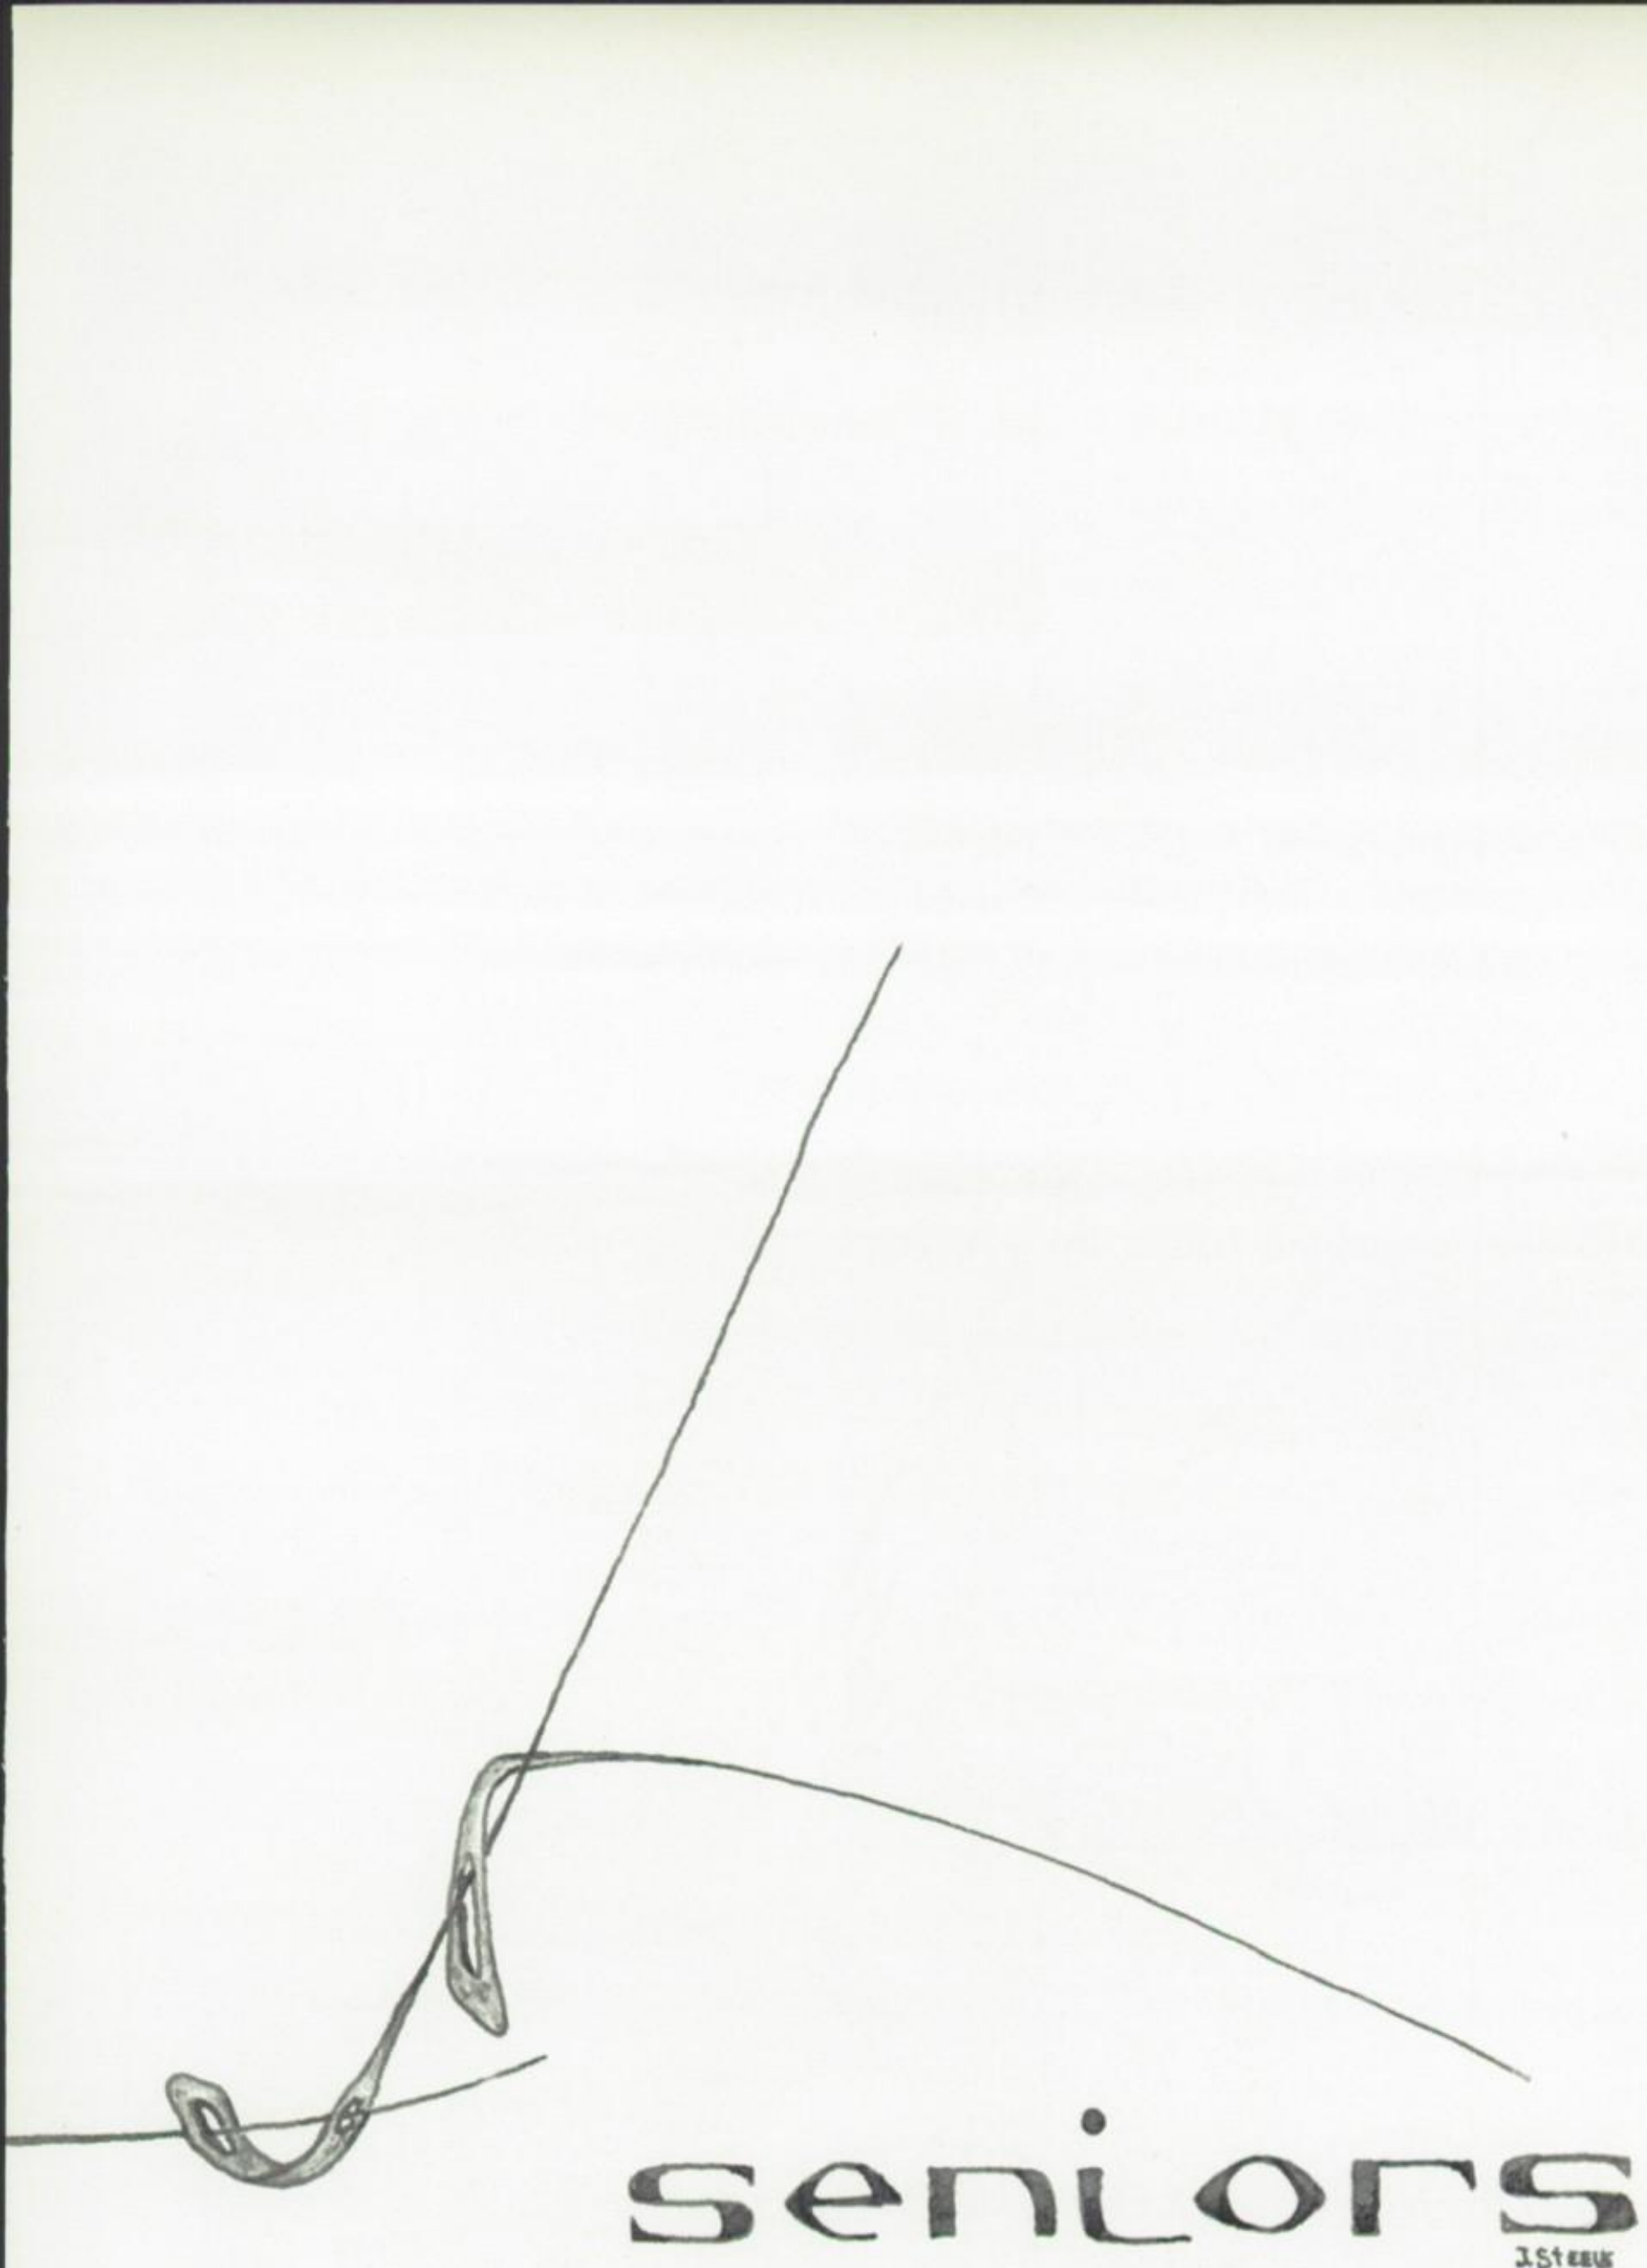
Medical Staff

The school medical examiner, Dr. C. L. Isenberg, has many duties. He examines grades one, six, and eleven each year, administers the tuberculin test, and handles the emergency cases that may arise.

The school dentist, Dr. Eugene Shuke, examines grades one, three, and seven each year for defects of the teeth. His findings are in turn reported to the student's parents so that they can have the defects remedied.

The third member of this medical team is the school nurse, Pauline Shope. Not only does she assist the doctor and dentist, but she administers first aid when necessary. She also weighs, measures, and checks the vision and hearing of every student. If necessary, she too makes home visits concerning defects discovered in her examinations.

Because of what they have done for the school, we are proud of our medical staff. It is hard to say which is more important—the doctor, the dentist, or the nurse. All are a vital part of our school system. Without them we would have no way of combating the sickness that arises every day during school. For this, we want to congratulate all three on a job well done and hope they will continue the fine work in the future.



seniors

MARY A. ABBOTT — Clerical

A real athlete, this girl! Mary loves to play basketball and shines as a varsity forward . . . a member of the yearbook sales staff . . . Varsity Club . . . quiet, but friendly . . . makes lawn ornaments in her spare time . . . would like to work along artistic lines.

WILLIAM K. BAILEY — Industrial Arts

Bill's a football and basketbal enthusiast . . . possesses a gifted toe for extra points . . . made the Varsity Club this year . . . served on the prom committee . . . likes to hunt, but enjoys sleeping more . . . what a joker! . . . hopes to become a teacher.

CAROLYN J. BAKER — General

Carol is our very likeable transfer from Ohio . . . very active high school career . . . waterskiing thrills her . . . reading relaxes her . . . Ronnie, Veronica, and Laurie are her favorite "subjects" . . . good cook . . . extremely competent . . . kind and enthusiastic nature.

DONALD L. BAKER — Industrial Arts

"Bear" is our football captain and Homecoming King . . . very popular . . . ruggedly handsome . . . also played baseball . . . Hi-Y vice-president . . . Varsity Club . . . Weight-lifting muscles . . . conscientious, heard saying "O-Kay!"

JOSEPH BANCO — Industrial Arts

Joe is a varsity gridironer who always gave his best on the field of play . . . common saying "Don't know do ya!" . . . Varsity Club . . . craves Italian food . . . a real hunter and fisherman . . . plans to wear one of Uncle Sam's military uniforms after graduation.

DENNIS A. BARBER — Industrial Arts

Dennis has a wonderful sense of humor . . . changeable . . . can be extremely quiet, but then . . . member of Pep Club and prom committee . . . cars fascinate him . . . plans to become a mechanic.

PATRICIA A. BARBER — Clerical

Pat keeps one hand on the television dial . . . a faculty secretary . . . home economics is her favorite class, and golf her favorite sport . . . detests profanity . . . hopes to be a secretary.

JUDY D. BARTO — Stenographic

Judy is friendly to all . . . very active . . . sophomore officer . . . Pep Club president . . . good cheerleader . . . powder puff player . . . efficient faculty secretary . . . member of prom committee and yearbook staff . . . Varsity Club . . . cannibal "cheerleader" and Judge Victory . . . excellent student and athlete . . . shorthand speedster . . . varsity basketball star . . . member of National Honor Society.

GARY R. BENNER — General

Bass drummer for three years . . . yearbook staff member . . . Gary keeps the girls busy . . . likes P.O.D., but not as well as study hall . . . fun-loving and cheerful . . . neat appearance . . . plans to pursue an Air Force career.

DARYL G. BLACK — Industrial Arts

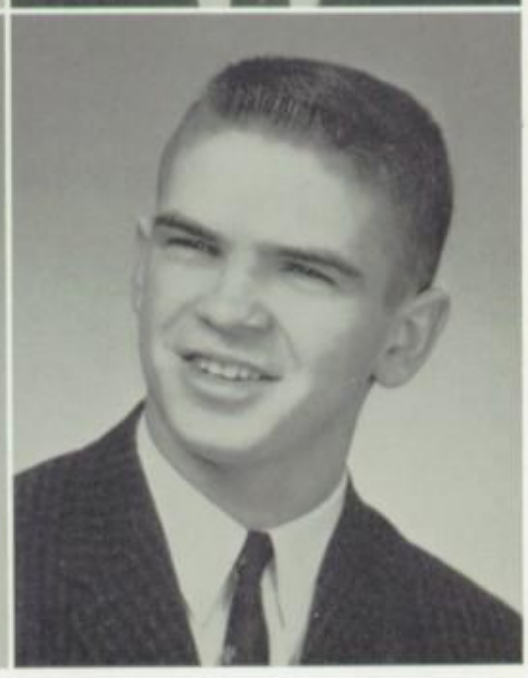
Daryl's a sportsman, in school and out . . . played football for four years and was a baseball player his junior year . . . likes to hunt and fish . . . Hi-Y member . . . prom committee. . . likes cheerleaders . . . wants to go to trade school and become a barber.

EUGENE M. BLACK — Clerical

"Sonny" spends time tinkering with cars and the unusual hobby of collecting new rifle shells . . . he becomes annoyed with show-offs . . . "Bonanza" is rarely missed . . . Pep Club member and junior prom worker . . . favors field of electrical engineering.

GARRY T. BLACK — Academic

Garry likes his friends to possess a sense of humor . . . Hi-Y-Club member for two years . . . helped with junior prom . . . hoagies are a favorite . . . would like to be President of the United States, but will settle for trade school.



JONNILU BLACK — General

Jonnilu is always smiling . . . Miss Felock's and Miss Mayer's right-hand helper . . . enjoys horseback riding and sewing . . . member of prom committee, yearbook staff, and Pep Club . . . manager of varsity basketball and girls' football teams . . . Oh, that run! . . . Italian "cheerleader" . . . would like to attend beauty culture school.

LEROY BLACK — Academic

A genuine fun-lover is Sam . . . a football player throughout his high school years and a member of the Varsity Club for two of them . . . likes Mr. Whitfield's physics class best . . . plans to join the service or go to college . . . Junior class has an attraction.

MALCOLM L. BLACK — Industrial Arts

"Mick" has played football for five years . . . two-time class president, curly-haired Mick has a high time in study hall . . . prom committee member . . . likes watching basketball, but better yet, the cheerleaders . . . goal is construction worker.

THOMAS E. BLACK — Academic

Tom's Hi-Y historian this year . . . yearbook staff member . . . also can be found hunting, collecting stamps, or reading, if not studying advanced math . . . conscientious, Tom's biggest complaint is lack of time for classes . . . hopes to go to Shippensburg, S.C.

SHIRLEY A. BOLINGER — Stenographic

Our sparkling Homecoming Queen . . . abundance of charm and poise . . . Oh, that smile! . . . spirited cheerleader and band narrator . . . editor-in-chief of our *Titan* . . . National Honor Society . . . chorus in sophomore year . . . Varsity Club . . . secretary of class and faculty secretary . . . "Oh, Johnny" is Shirl's favorite tune . . . "W-O-W!" is her keynote . . . sure success as an executive secretary.

GEORGE S. BOLLINGER — Industrial Arts

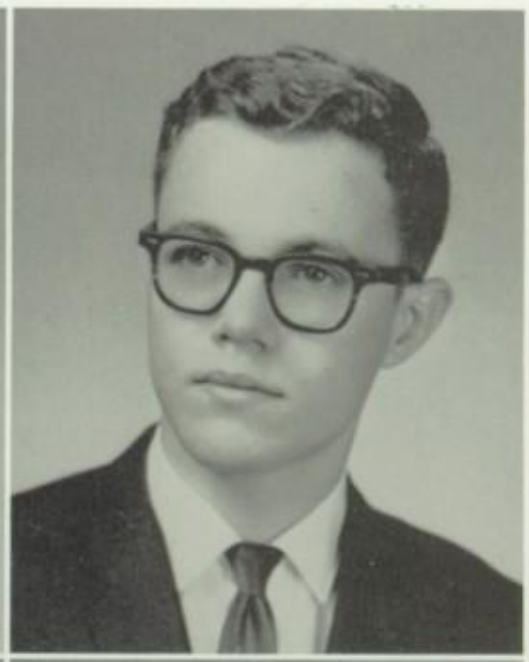
Football player during junior and senior years . . . basketball player during junior year . . . Varsity Club member . . . Steve enjoys driving cars and hunting, but doesn't care about homework . . . plans to look for a job after graduation.

BONNIE J. BRANDICK — Stenographic

Bonnie is an enthusiastic football fan . . . loves to dance, too . . . band member for four years . . . dislikes fast driving but loves pizza . . . sports a diamond . . . secretary to Mr. Reasinger and Miss Marcocci . . . wants to become a secretary and get married.

EDWARD P. BROWELL — Academic

Eddie is our *Titan* Literary Editor . . . appreciates the finer arts . . . our Roger Williams on the keyboard . . . good student . . . likes the outdoors . . . Sinatra fan . . . three years of band and chorus experience gained him county honors in both . . . college bound.



BETTY E. BROWN — Academic

Betty is always busy . . . a good student . . . quiet but friendly . . . member of the Pep Club . . . treasurer of the National Honor Society . . . *Titan* staff . . . prom committee . . . also very efficient newspaper club member . . . a future teacher.

JUDY M. BRUMBAUGH — General

Judy is always happy and creates a congenial atmosphere when she is present . . . likes to cook and sew . . . was a member of the F.H.A. . . . also a member of the prom committee . . . would like to become a nurse.

ALLAN R. BUCKLEY — General

Allan managed baseball his sophomore year . . . enjoys history and the great outdoors . . . will attend a trade school for future security . . . Varsity Club . . . has a great willingness to help . . . a Liz Taylor fan, Allan likes watching "Bonanza" and reading.

SUSAN L. CAPWELL — General

Susan, the tall, brown-eyed blonde of our class . . . friendly and helpful to all . . . member of band, chorus, prom committee, and intramural bowling team . . . junior class historian . . . band librarian, and manager of powder puff team . . . plans to enter college.

CONNIE J. CHAMBERLAIN — General

Connie is our petite and pert red-haired cheerleader . . . hopes to become a beautician . . . member of bowling club and prom committee . . . a good worker . . . poses superbly for action pictures . . . Varsity Club . . . Eskimo "cheerleader" . . . favorite car is a Corvair.

JAMES C. CHAMBERLAIN — General

Jim is non-talkative, but very nice . . . likes to build models . . . also likes Miss McCahan's P.O.D. class . . . however, dislikes taking tests . . . active in football . . . plans to join the navy.

BARRY D. CLARK — General

Barry enjoys the thought of construction work . . . Richard Boone is his favorite while relaxing . . . baseball, the outdoors, and racing are his more active practices . . . math classes are a pet peeve.

THORN J. CLARK — Academic

Thorn enjoys physics class . . . held offices as Hi-Y secretary, class vice-president, and class treasurer . . . member of prom committee . . . participated actively in baseball . . . good yearbook worker . . . is college bound.

ROY E. CRESWELL — Industrial Arts

Roy is another senior with a keen sense of humor . . . steaks are his favorite meal . . . looks forward to hunting season . . . study halls are most attractive to him in school . . . some branch of armed forces is calling him.

DONNA K. CRESSWELL — General

Donna is quiet and easy to get along with . . . likes to sew and does a fine job . . . also likes to play the piano . . . participated actively in the F.H.A. . . . is attracted by the career of beauty culture.

JOANNE DELUCA — Clerical

Another girl athlete, Joanne looks forward to Phys. Ed classes . . . varsity basketball player and powder puff'er . . . prom committee, yearbook and newspaper staffs . . . Varsity Club . . . faculty secretary . . . conscientious and cooperative . . . a secretarial future.

JOANNE L. DIEHL — Clerical

Joanne is a Tri-Hi-Y member . . . the yearbook staff and prom committee have also been graced with her services . . . very cute appearance . . . school wise, she likes business law class, but oh, those cold showers in gym class! . . . secretarial plans.

LENA E. DOLT General
Lena has been busy as girls' basketball manager, powder puff football player, member of the Future Nurses, Pep Club, and prom committee . . . considering the field of telephone operator . . . nice to know and fun to have around.

CLAY E. DONALDSON General
Clay is a Varsity Club three-letter man . . . football end . . . baseball first sacker . . . a high pointer in basketball . . . wants to go to college . . . Hi-Y treasurer . . . prom committee . . . Homecoming King candidate . . . takes pride in his hair.

DON D. DONALDSON Academic
Don is President of our Senior class, Hi-Y Club, and National Honor Society . . . lives and breathes sports . . . excelled in baseball, basketball and football . . . voted most representative . . . a Homecoming King candidate, member of prom committee and Varsity Club, also on *Titan* staff . . . plans to enter college.

JON M. DONALDSON Academic
Jack is quiet and dependable . . . conscientious student . . . friend to all . . . an avid and active musician . . . member of chorus, dance band, District and County Chorus, and yearbook staff . . . president of our band . . . plans to further his education in college.

DONNA M. DOYLE Stenographic
Donna is a talkative and petite classmate . . . full of fun . . . likes to dance . . . member of band, chorus, prom committee . . . faculty secretary . . . likes Elvis and Sandra Dee . . . plans to be a secretary.

CHERYL D. DRENNING Academic
Cheryl was a band member her freshman and sophomore years . . . fine student . . . pastimes include piano playing and reading . . . takes things in stride and always cheerful . . . would like to further her education.

ROBERT S. FIGARD Industrial Arts
Bob is a jovial blonde . . . can be charming . . . loves the outdoors, hunting, wrestling and listening to records . . . member of Pep Club . . . other activities include prom committee and Electronics Club . . . attentive to our cheerleaders . . . a future pulpwood contractor.

CHARLES FOOR General
Jim was a one-year football participator . . . considering the field of mechanical engineering . . . possesses a good sense of humor . . . P.O.D. is his bright spot of the day . . . evening pastime is shooting pool.

JOSEPH L. FOOR — General

Larson was quite active in football through high school . . . an injury inhibited his action during his senior year . . . Varsity Club . . . pastimes include making models and shooting pool . . . seldom misses the Dick Van Dyke Show . . . thinks Elvis and Connie Stevens are tops . . . construction work is future goal.

MARILYN R. GARNER — Clerical

Marilyn possesses a considerate and likeable nature which helps give her a glowing personality . . . member of the band, chorus, and advertising department of the *Titan* . . . faculty secretary and Homecoming Queen candidate . . . plans to enter business school.

THOMAS C. GATES — Academic

Tom has a two-year membership in the Visual Aids Club . . . thinking of giving the Navy a hand . . . enjoys Duane Eddie and the "Beverly Hillbillies" . . . reading is a favorite pastime and spaghetti Tom's special dish.

LINDA L. GRACE — Stenographic

Linda is the favorite target of Miss Satterfield's teasing . . . received an early "degree" in October . . . member of the chorus, Pep Club, and bowling club . . . *Titan* typist and faculty secretary . . . wants to be a good wife and mother.

THOMAS M. GRAFFIOUS — Industrial Arts

Tom spent four years of activity on the baseball team . . . in his spare time he likes to listen to Bellafonte and Montavani . . . enjoys Italian lasagna and reading . . . a quiet steady worker.

HELEN K. GUINES — Academic

Helen is congenial and conscientious . . . talented pianist . . . former class vice-president . . . F.H.A. historian . . . member of yearbook staff, chorus, and prom committee . . . radiant when extremely happy . . . good sense of humor . . . member of National Honor Society . . . college bound.

FERN I. HALL — General

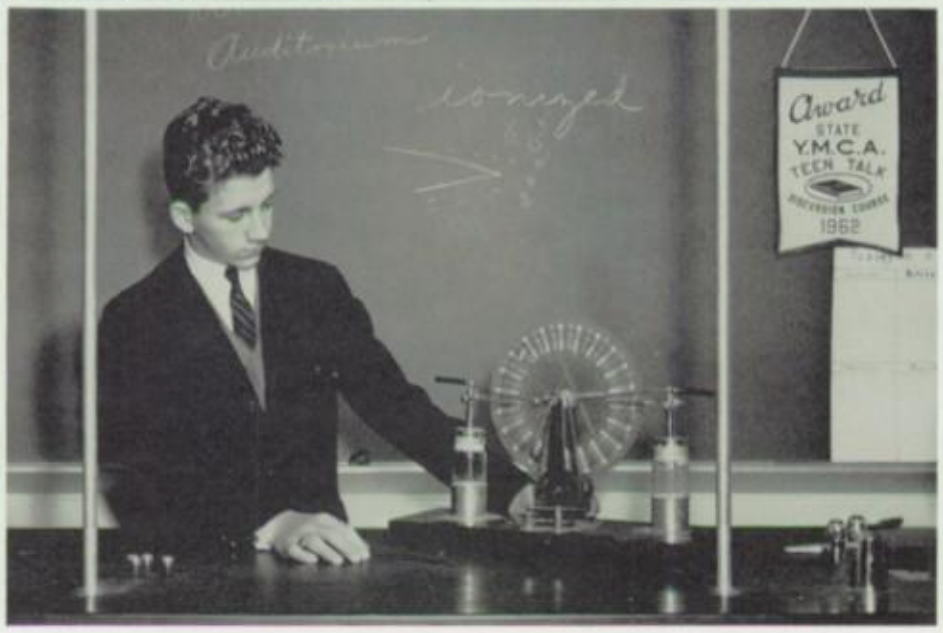
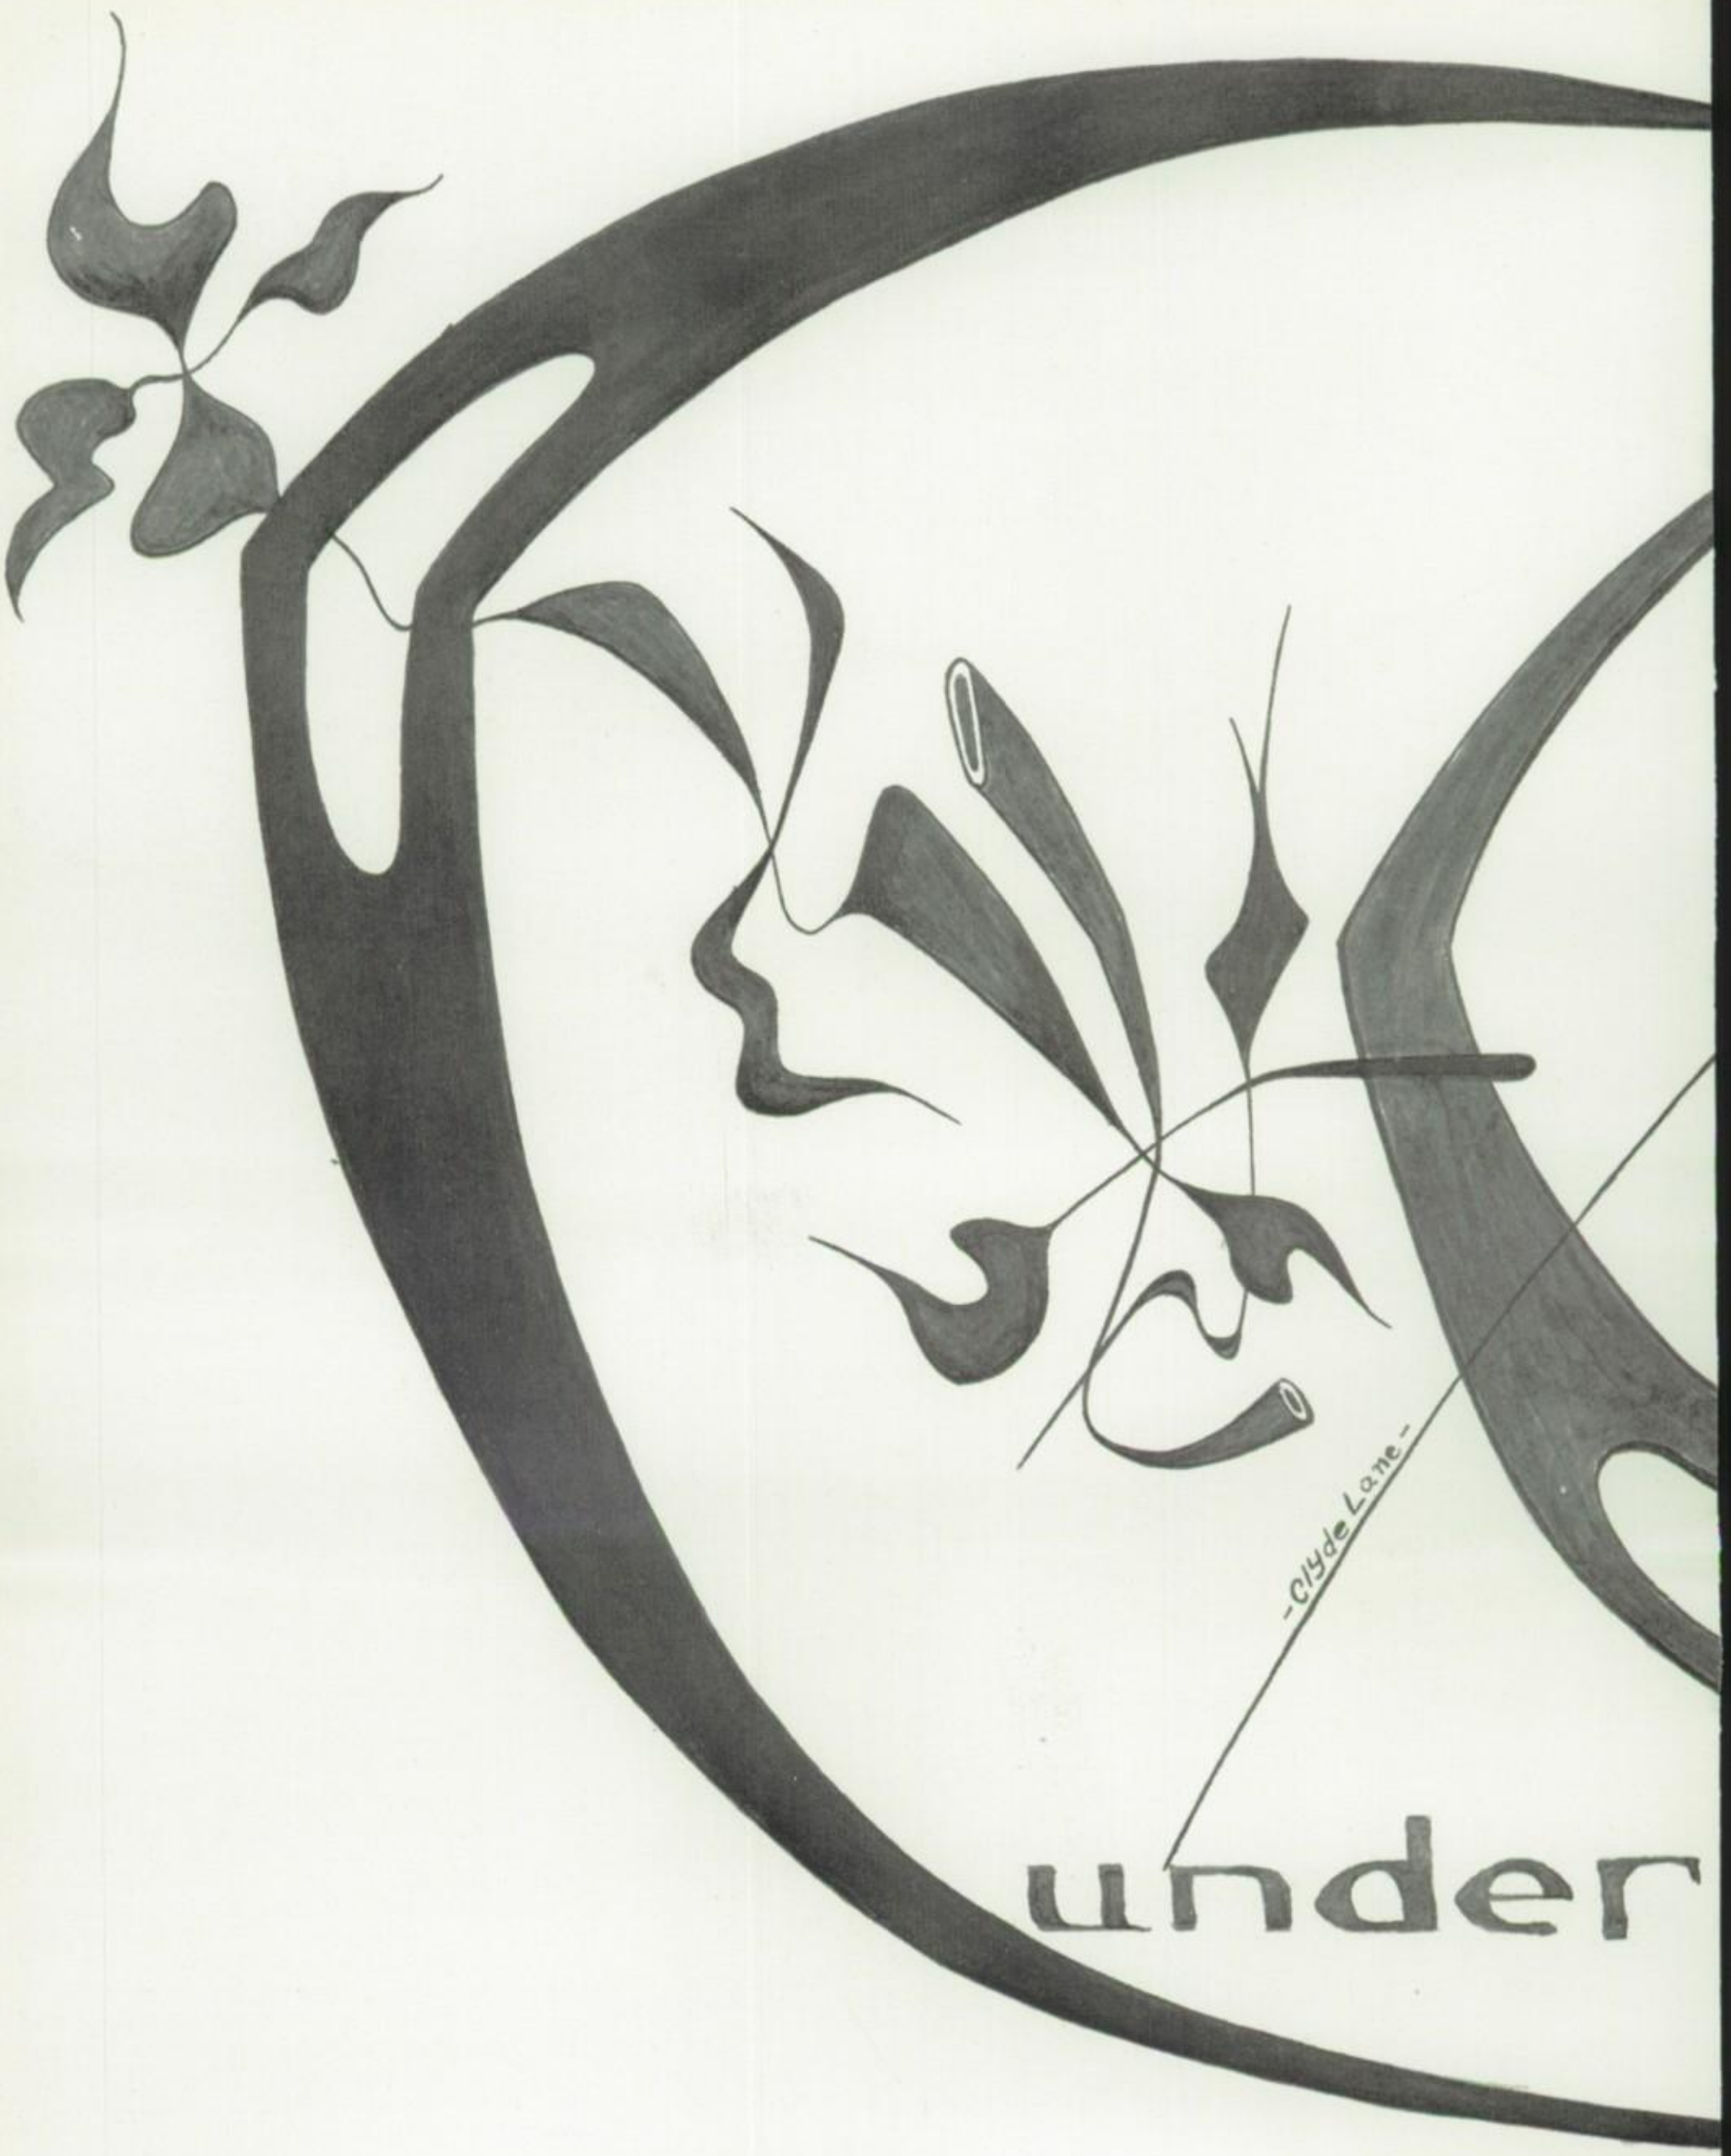
DONNA L. ZIMMERMAN Home Economics
Donna has a warm personality . . . active in Tri-Hi-Y Club and a fan of "Ben Casey" . . . basketball, sewing, and reading delight her . . . hopes to secure a good job.



Seniors

Even though at an age considered quite young by many standards, the senior officers of Tussey Mountain High School are here shown experiencing one of the most painful emotions of any age. A feeling of melancholy of days past—soon gone forever—here is shown by our officers as they spend a last moment in familiar places with symbols of events which will be remembered for a lifetime. We are sure that after the sight of Tussey Mountain High School has vanished from their mind's eye, a warm spot in every student's heart will remain for the moments of learning, joy, and activity experienced by all.

As the seniors are coming to the close of their high school days, they wish to take this time to thank their class advisors for their assistance during the last four years of school. The many projects of our school days could not have been accomplished without our advisors. They were the master minds behind money-raising projects which financed the various activities of the class, such as the prom and trips during the year. When the class ran into difficulty, they could always turn to their advisors for guidance and advice. These are just a few reasons why we will be forever grateful to the teachers who were so willing to give their time in assisting us seniors through our high school years.



-Clyde Lane-
under

classmen

Junior Officers and Advisors

Dick Fox, vice president; Joe Neville, president; Sharon Stapleton, secretary; Robert Spargo, treasurer; Tomasena Bowser, historian.

The measurements of today contribute to thoughts and ideas for tomorrow.

It is believed that the senior year is the most important, but it will probably be disputed by few that the junior year is the busiest. Most of the juniors have already planned what they will do after graduation, and they take courses which will help them in their chosen fields. Also, it is the juniors who plan the prom for the seniors, and it is during this year that the students receive their class rings.

ADVISORS: Mr. Wible, Mrs. McIntyre, Mr. Scarcia, Mr. Jenkins.

Sophomore Officers and Advisors

CLASS OFFICERS:
President: Mike Mitchell
Vice President: John Hoover
Treasurer: Irene Putt
Secretary: Hattie Berger
Historian: Mary K. Sitch

The class of 1965 has already had two extracurricular activities in preparing for the future. They have had two roller skating parties which gave the students much enjoyment by presenting an opportunity for everyone to get together socially. Progress is an important product of the sophomore class and they have already taken steps forward with the help of Mr. Hastings, Mr. Lynn, Mr. Black, and Mr. Peden as advisors.

Now the sophomores are anxiously awaiting next year when their activities will center around the Junior Prom and receiving their class rings. Their goals are aimed at becoming one of the best classes ever to be graduated from Tussey Mountain.

With visions of the future, we prepare ourselves.

ADVISORS: Glenn Black, James Lynn, William Hastings, Gerald Peden.

No matter which road we choose to travel,
the future presents an ever-present challenge.

The students of the Freshman Class of the Tussey Mountain High School have been very busy this year choosing the right curriculum to pursue for their future careers. They realize the importance of selecting the right field of study so that they may be happy in their undertakings after graduation. Although the cap and gown day seems in the far distant future to our freshmen, they know preparation for it must begin now.

Their first class meeting was held in October and it was then that they elected their class officers. They are as follows: president, Blair Brumbaugh; vice-president, Karen McKnight; secretary, Connie Weaver; treasurer, Joy Benner; and historian, John Rightnour.

Eighth Grade

Officers and Advisors

OFFICERS: Eddie Jones, president; Emily Stapleton, secretary; Chuck Kelly, treasurer; Patty Gracey, historian; Bill Miller, vice-president.

We enter the halls of higher education and learning to seek out knowledge.

In our school the eighth grade is the year that we are introduced to all the activities of high school. As typical eighth graders, we are faced with new challenges. Daily these challenges vary. One of the first was the school building and the process of becoming accustomed to it. For the first time, members of the eighth grade were allowed to select certain subjects they desired to take. The boys became eligible for sports and the girls of the class were permitted to participate in activities such as cheerleading. There are opportunities for eighth graders in the band. These activities present new challenges to eighth graders and they help prepare us for greater challenges in the years ahead.

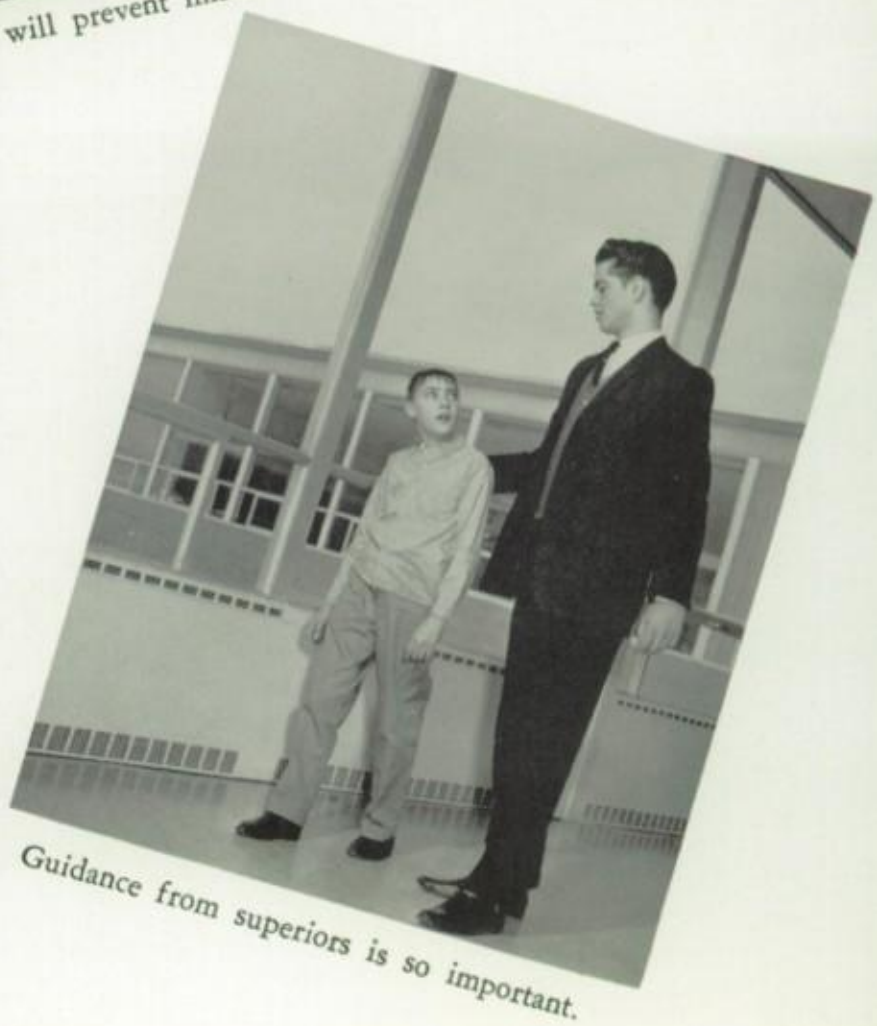
Determination is the key for such a heavy new load.

Corrections when young will prevent mistakes when older.



Guidance from superiors is so important.

The seventh grade officers are as follows: Christopher Barto, president; James Snyder, vice president; Vicki Brown, secretary; Beverly Holland, treasurer; Trudy McGhee, historian.

We, the seventh grade class officers, are proud to have been elected and to act as leaders of our class.

Becoming a member of the 7th grade meant a year of new and exciting experiences. This is the first year the boys have had the opportunity to take shop and the first year, for both boys and girls, to start physical education classes.

One of the main events of our class this year was a Christmas party which was enjoyed by everyone.

Now we are all looking forward, with great anticipation, to entering the new high school next fall.

Seventh Grade Officers and Advisors

Patience and curiosity hold new environment and greater opportunity.

The seventh grade class advisors are as follows: Mrs. Kathleen Parks and Mrs. Pearl Diehl. Other seventh grade teachers are Mr. Roy Adolphson, Mr. Jerome Krouse, and Mrs Shirley Crawshaw.

ATHLETIC DIRECTOR

Physical fitness is a prerequisite to survival in any civilization. In this present age of possible space travel and total destructive forces it is all the more important that the physical being be conditioned to survive the rigorous demands which it will encounter.

It is my belief that physical education classes, although fine, will not suffice in physical preparation. The participants in interscholastic athletics will be much better prepared for the type of exertion and endurance this age will demand. I am sure that boys or girls who have participated in our athletic program while attending our high school may consider themselves fortunate for the fine physical training they have received; but this training does not end with graduation. To you, the members of the Class of 1963, may I say, continue caring for your bodies through self-guided exercises, and when nature calls for that extra fuel for survival, you will not be left "at the gate."

Best wishes for your success!

O. W. Troy

Competition creates skill, endurance, and strength.

Varsity Football Team

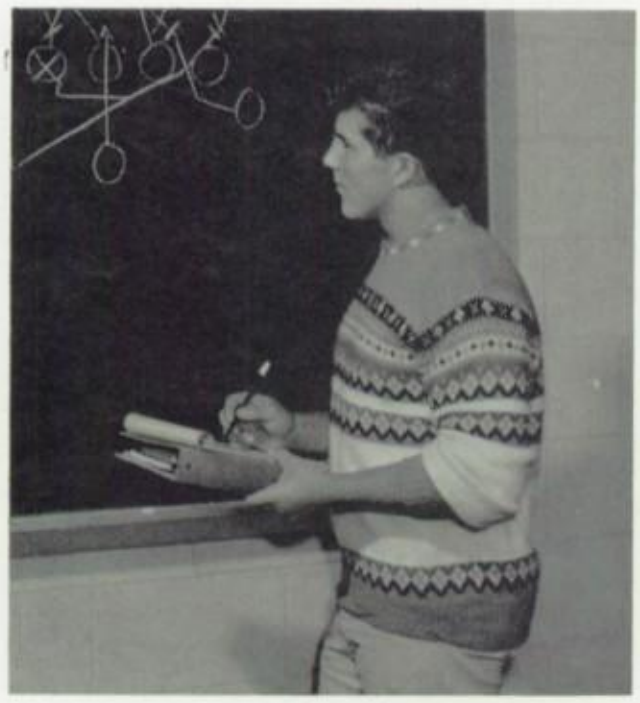
Center: Mr. Bartola. ROW 1: A. Miller, D. Black, J. Neville, J. Black, L. Foor. ROW 2: T. Angelo, M. Black, J. Jones, A. Hoffman, L. Hoover, J. Banco, J. Chamberlain, D. Baker. ROW 3: B. Bailey, S. Bollinger, G. Martin, D. Donaldson, C. Donaldson, T. Kormanski, K. Yearick, J. Tydeman, J. Mitchell, L. Black.

In the first encounter of the season, Tussey Mountain scored a decisive victory over Chestnut Ridge. With the combined scoring of Clay Donaldson, Don Donaldson, Jack Jones, and Bill Bailey, the Titans drubbed the Lions 27-6 in front of a large home crowd.

With the help of intercepted passes and fumbles, Tussey again pleased a home crowd by conquering the Rockets of Southern Huntingdon to the tune of 21-7. Don Donaldson and Jack Jones had two and one touchdowns respectively. Bailey's footwork paid off again with three conversions.

With the scoring of Don Donaldson on runs of 15, 30, 50, and 44 yards, Tussey Mountain was next able to set back N.B.C. and remain undefeated. Titan team play excelled both on offense and defense against Northern Bedford. Clay Donaldson gathered in a 25-yard touchdown pass from Ken Yearick, to end the game at a 33-19 score.

Tussey Mountain, on the home field again, took advantage of a hot and cold Everett ball club to beat the Warriors 13-0. The scoring came in the fourth quarter when Ken Yearick went over from the three-yard line and Don Donaldson intercepted a pass and went 70 yards down the sidelines to pay dirt. Bailey and the boys added final touches to bring about an exciting victory.



Captain "Bear" Baker shows that football takes brains as well as brawn.

However, all good things must come to an end. Bellwood Antis ended a 13-game winning streak for the Titans as they dominated the game entirely, except for the third period when Tony Angelo scored our lone touchdown on a pass from Ken Yearick. Bill Bailey added the point after the touchdown to end the game at 25-7.

The Titans bounded back to their victorious ways by turning back their hosts, the Dragons of Central, and winning their fifth game in six starts, 14-0. The game was played before one of the largest crowds of the season. Ken Yearick and Clay Donaldson accounted for the Titans' touchdowns. Bailey continued his consistency as he converted two points after touchdowns.

Against Calvin Coolidge, Tussey was worn down from their size and speed. The Titans just could not get moving and the final score was a 19-0 loss.

Tussey Mt. next met a very fine Bald Eagle eleven who proved too big and mastered the ball game the whole way. The final score of 43-0 let the Titans' record stand at five wins and three losses.

The final contest found us hosting Captain Jack. After monopolizing play in almost the entire first half, Tussey made a few mistakes of which Captain Jack took advantage to win by a 19-7 margin. Jack Jones claimed the Titans' only touchdown with Bill Bailey ending the season as one of the best converters in the country.

Junior Varsity Football

The Junior Varsity was under the direction of Coach Peden, a new arrival on the Tussey coaching scene. Throughout the gridiron season, strong opponents consistently hampered the Tussey team which consisted of the following boys: ROW 1: J. Mort, D. Fox, B. Cornelius, R. Reihart, J. Garner, F. Thomas, J. Husick. ROW 2: G. Lavelle, J. Grata, J. Folk, A. Wright, B. Hastings, M. Mitchell, T. Burke, D. Houck, T. Neuder, G. Hotinsky, L. Hennessey. ROW 3: T. Lazor, R. Adams, R. Villa, D. Cessna, M. Cimbalista, S. Stoudnour, D. Black. In their opener with Huntingdon the Titans tasted defeat 14-6. The next game with Everett ended in a 12-0 defeat. Chestnut Ridge proved to be the next stumbling block, but the boys played hard ball and lost a tough 7-0 contest. Altoona Catholic was the Titans' next problem, but this time our boys held a lead until the final minutes of play when Altoona came from behind to win 13-12. Captain Jack came next and posed one of the season's biggest problems as they turned us back 26-0. Tussey was also unequal to Bedford's talents, losing to the tune of 21-0. With a losing record behind them, our J.V. boys proved that all spirit was not lost as they went into the last game of the season and battled Central to a 6-6 tie. They hope that the outcome of this game was some indication of success for next year.

Junior High Football

Coach Brumbaugh's "little Titans" this year boast an impressive 3-1-1 record. His squad consisted of the following boys: ROW 1: M. Wagner, T. Bowser, L. Duvall, D. Brown, T. McCue, J. Dixon, T. Wise, B. Myers, D. Prosser, A. Smith, manager. ROW 2: G. Carbaugh, T. Barber, B. Melosky, S. Wright, S. Donelson, J. Pelco, M. Barber, J. Shontz, S. Gresko, J. Snyder, manager. ROW 3: S. Rupert, T. Watkins, J. Jenkins, C. Kelly, W. Julian, J. Thomas, L. Clark, R. Hoover, B. Clark. ROW 4: R. Swindell, R. Thomas, D. Maslanik, E. Jones, L. Hann, R. O'Neal, P. Schwartz, L. Hann, J. Foster. Their first game proved successful when they topped Southern Huntingdon 20-0. Morrison Cove also fell victim to the talent of the "little Titans" by a more thrilling margin of 13-7. Chestnut Ridge was the next encounter and again Coach Brumbaugh's boys captured a 13-6 victory. The Titans' only blemish of a perfect season came at the hands of a strong Roaring Springs eleven by a score of 19-0, and in their last game with Everett, always a rival team, they fought valiantly to a 0-0 deadlock to complete a very successful '62 season.

Varsity Basketball

The Tussey Mountain basketball squad under their new coach, Gerald Peden, got off to a slow start but picked up enough speed to again capture the Bedford County League trophy. This year's team consisted of Clay Donaldson, Don Donaldson, Mac Whited, Walter Jenkins, James Gary Reed, Don Nolan, Bill Bailey, Roy Dickinson, Ronnie Villa, Harry Kifer, Steve Steele, Tom Kormanski, Ken Yearick, John Clark, and Allan Hoffman. In their first outing, a non-league affair with Central, the Titans lost a thriller by a 54-51 count. Next they shaded Greenfield-Kimmel by a 65-64 score in closing seconds. Clay Donaldson was the big gun for Tussey as he hit for 37 points in this game. Tussey then entertained Huntingdon and was beaten 68-33. Traveling to Huntingdon for a return game, they went down to defeat once more, this time by a 72-44 score. Don Donaldson was back in action for the first time after suffering from a football injury. The Titans then visited Southern Huntingdon where Don Donaldson had a hot hand as he scored 43 points in a 87-58 victory. Meeting Central for the second time, we reversed the tables on the Dragons by a 65-55 count. Greenfield-Kimmel was the last exhibition game before our league games started and this time they beat the Titans 71-56. However, Northern Bedford proved to be an easy mark for Tussey as they fell by a 97-59 score. Don Donaldson had a good night as he gathered 35 points. Our next encounter found Tussey trounced Chestnut Ridge 93-46, but were beaten by Everett 63-53; they beat N.B.C. the Titans 73-68. Tussey then ventured to Bedford where Clay Donaldson had a good night in a losing cause as he scored 34 points while the Titans were going down to a 62-48 defeat, the second in their third league start. The remaining games went something like this: Tussey trounced Chestnut-Ridge 93-46, but were beaten by Everett 63-53; they beat N.B.C. 69-53, but lost a thriller to Hyndman 56-55. After a 65-43 easy win over Juniata Valley, we then handed Bedford a 57-38 defeat, which was a necessary victory if we were to stay in contention for the Bedford County Championship. Clay Donaldson helped the cause with a big 34 points. Next, we easily set back Chestnut Ridge 72-45 with four boys hitting for double figures. Don Donaldson had 27, Clay 23, Dickinson 15, and Mac Whited 13. Our next contest was one the boys will long remember since they reached the coveted 100-point mark in a great team effort, downing Southern Huntingdon 103-50. This brought us to the "big one" of the regular season! We had to "lick" the Everett Warriors to stay in contention for county honors. Our boys came through admirably under pressure and did "lick" a rival Everett team 61-52. Clay Donaldson netted an important 29 markers to aid the cause.

This victory made a play-off game with Everett necessary to determine the Bedford County league champions. The site was Bedford and the winner—Tussey Mountain, 57-40! Our Bedford County champs had once again earned the right to enter the district play-offs and once again brought honor and recognition to Tussey Mountain High School.

Junior Varsity Basketball

The 1962-63 Junior Varsity basketball team was comprised of the following boys: R. Villa, G. Heaton, S. Steele, D. Houck, H. Kifer, A. Hoffman, K. Yearick, T. Kormanski, F. Reed, J. Clark, and managers, E. Melius and C. Swope. The outlook of this season at the conclusion of the first four games was beginning to look dull. We lost to Central by a score of 33-29, Greenfield-Kimmel 41-39, and Huntingdon by scores of 61-43 and 49-33. Then the tides began to change! We beat Southern Huntingdon 60-26 and then began the longest winning streak in area J.V. basketball—14 games.

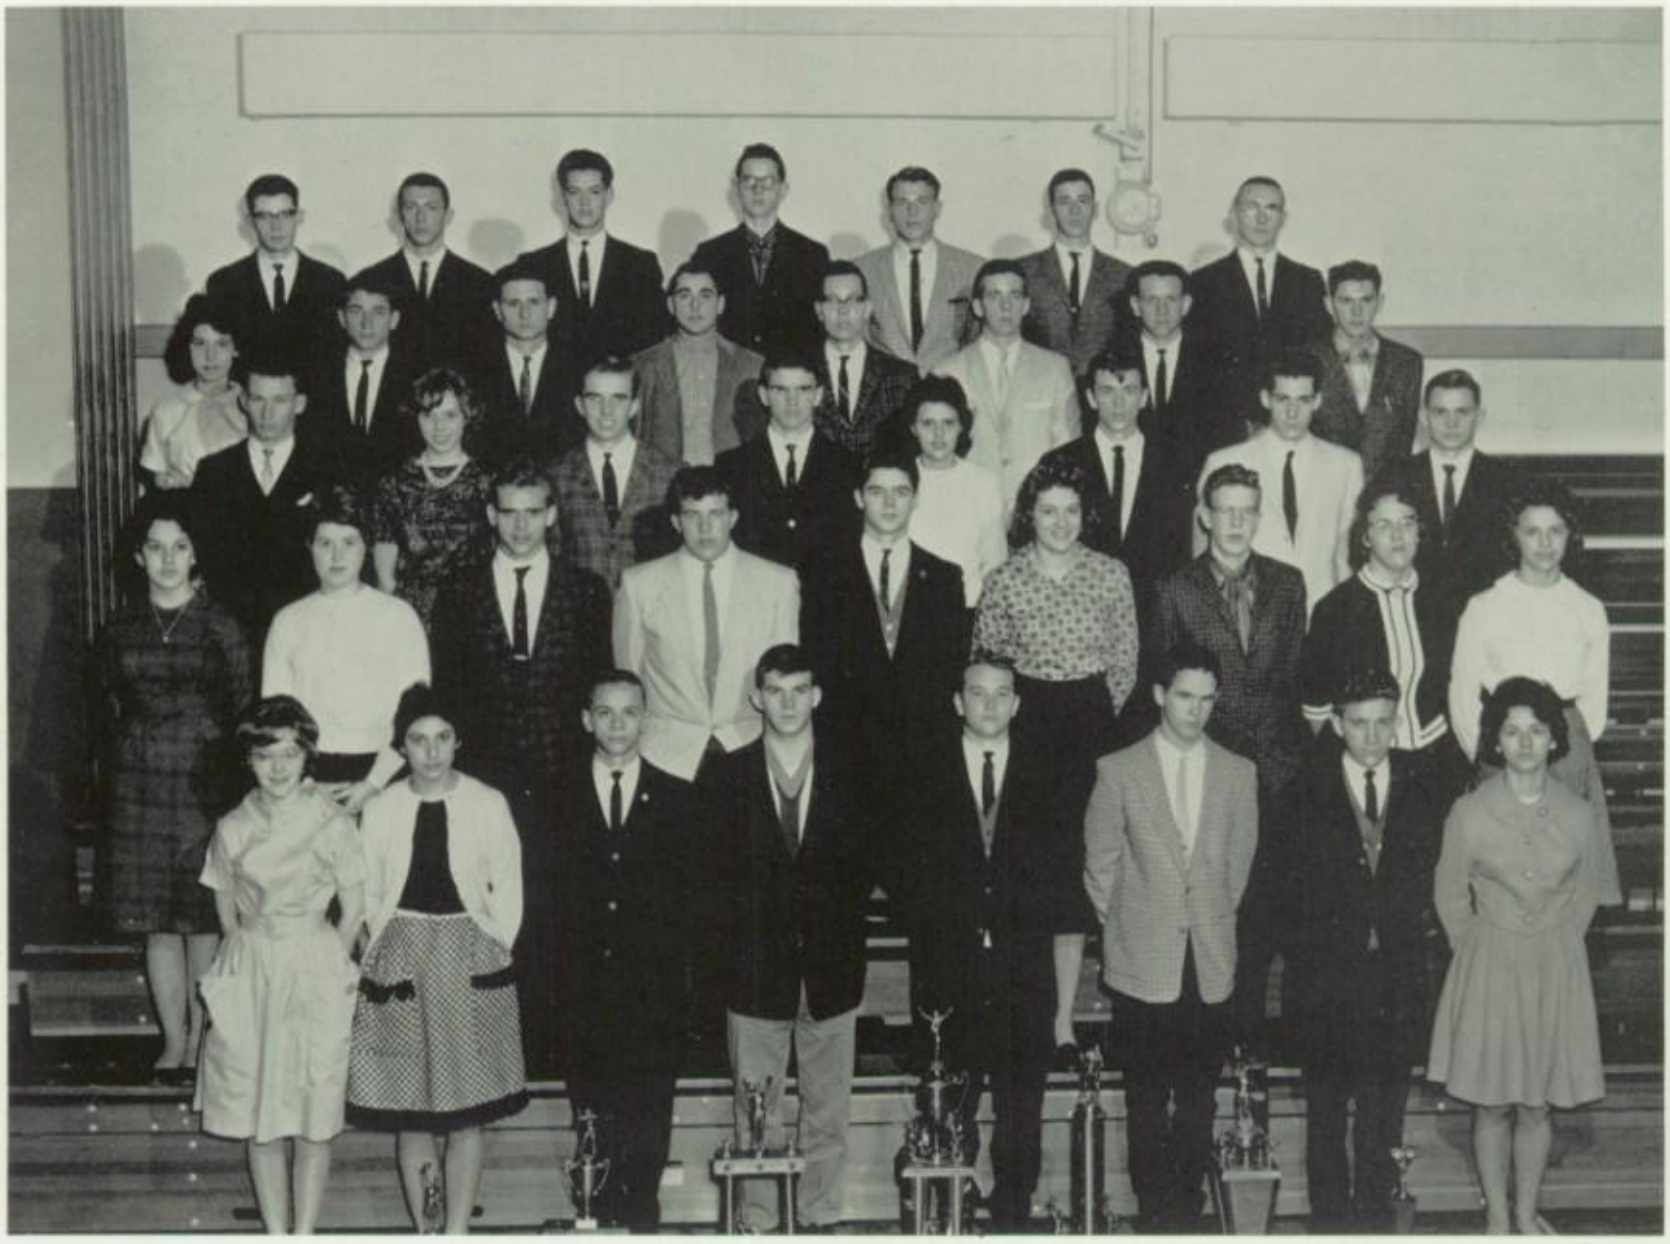
The teams seemed to fall in order: Central 45-34; Greenfield-Kimmel 37-29; Northern Bedford County (58-25) (60-35); Hyndman (68-32) (48-25); Bedford (46-32) (51-29); Chestnut Ridge (71-32) (43-25); Everett Southern (57-25) (57-41); Juniata Valley (53-28) and Southern Huntingdon (49-21). Our team could not have shown such great improvement if it were not for the able coaching of Mr. Glen Black. Mr. Black had 10 wins and 2 losses last year as Junior High Coach. He has an overall record of 25 wins and 6 losses in the last two years at Tussey.

Junior High Basketball

Coach Frank Pannebaker, in his first year as junior high coach, had little experience on the ball club. All the "big guns" of last year had moved up to the J.V. squad, and now it was a year of rebuilding by drilling many long hours and teaching both basic skills and team play. Improvement each game was easily recognizable, even though the team record was an unimpressive 0-10. But perhaps the J.V. and varsity basketball teams in the future will be successful, and if they are, a portion of the reason will be because of the training and experience they gained in these leaner years of Junior High ball.

The 1962-63 Jr. High squad members were: P. Marsden, B. Swope, T. Wise, M. Manley, J. Dixon, B. Clark, H. Swope, B. Miller, R. Shean, G. Carbaugh, R. Reed, S. Lowe, J. Foster, J. Eichelberger, D. Prosser, D. Defibaugh, T. Mellott, B. Hann, A. Scarcia, J. Kegarise, C. Territo, T. Watkins, B. Kelley, K. Thomas, L. Defibaugh, B. Dodson, and managers, B. Hoover and G. Husick.

Varsity Club



The Varsity Club is a select group of athletes and cheerleaders who have earned a varsity letter in either football, basketball, baseball, or cheerleading. To be a member of this club is a great honor, for only the better athletes of our varsity squads qualify. They have excelled under rigorous physical and mental training standards and have relinquished much of their time to sports and cheerleading. Near the end of this school year, the senior members will receive their varsity jackets on which they may sew their TM letters. They can be very proud of these jackets and letters for although they are nearly the only tangible things they will receive, along with them come such intangibles as sportsmanship, perseverance, character, pride in achievement, leadership, and fitness. These things distinguish these students as the most skilled interscholastic performers of our school.

A varsity letter may be earned by playing in one half or more of the quarters or innings for the season. Also, any senior who has been a member of the varsity team for three or more years, regardless of the number of quarters or innings played, will receive a letter. Any player injured will maintain his "status quo" as of the time of the injury. In addition, any pitcher in baseball credited with winnng one game will win a letter regardless of participation.

Varsity club members pictured above have earned a varsity letter in either football, basketball, baseball, or cheerleading. They are as follows: ROW 1: C. Chamberlain, J. DeLuca, S. Steele, T. Angelo, D. Black, J. Black, T. Clark, G. Ripple. ROW 2: T. Brode, G. Reed, G. Lavelle, D. Baker, J. Jones, M. Abbott, L. Foor, S. Hockenberry, H. Berger. ROW 3: J. Chamberlain, S. Bolinger, L. Hoover, S. Black, J. Barto, J. Mitchell, M. Whited, J. Neville. ROW 4: C. Gumbert, A. Miller, S. Bolinger, B. Bailey, K. Yearick, G. Martin, A. Hoffman, D. Nolan. ROW 5: J. Reed, D. Donaldson, C. Donaldson, R. Dickinson, T. Kormanski, W. Jenkins, J. Tydeman.

Pep Club

This year, the Tussey Mountain High School Pep Club has contained in its membership about 200 of the most enthusiastic and energetic pupils in the school. At its first meeting, the club elected the following officers: Carl Foster, president; Jim Stetchock, vice-president; Anna Mary Young, secretary; Dottie Barto, assistant secretary; Walter Jenkins, treasurer; and Leroy Corbin, assistant treasurer. The club was advised by Miss Mayer and Miss Felock.

The bright red of the new Pep Club sweatshirts helped to make the club members stand out at games and pep rallies and also served as the official uniform of club members.

During the athletic seasons the Pep Club displayed youthful enthusiasm at all games and also helped the cheerleaders and advisors in the preparation of short comedy skits which were presented to the student body at the weekly pep rallies.

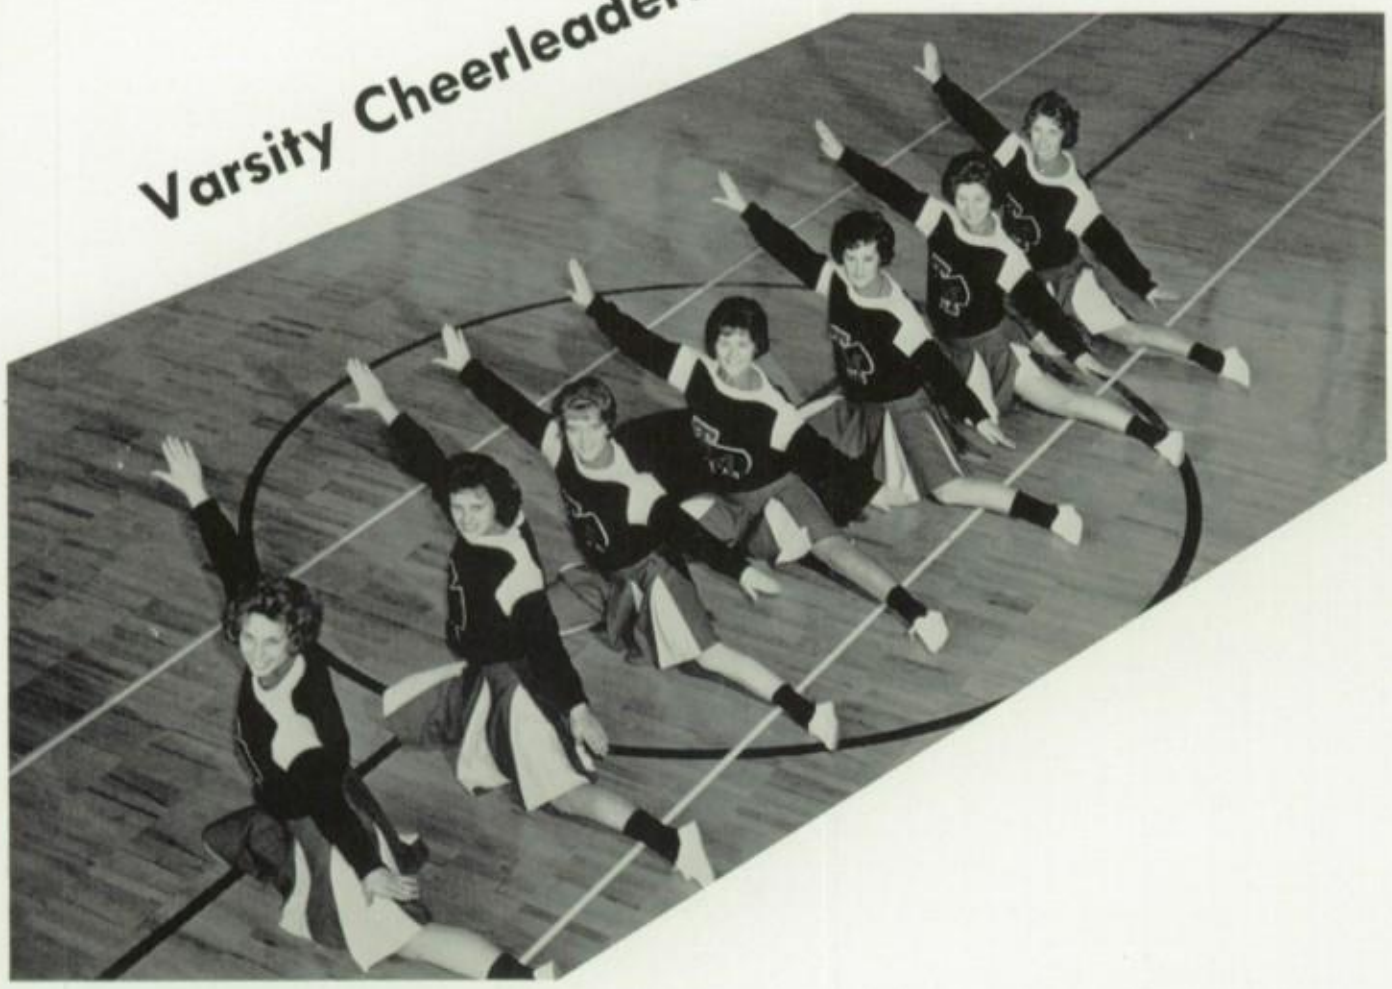
One skit in which the Pep Club members played a large part was the climactic "A World of Cheering" which was presented in the last pep rally during football season. Cheerleaders and pep clubers joined forces to present a gayly costumed and hilarious rendition of cheerleaders from all over the world!

Calvin Childers played the role of a native boy from the Belgium Congo captured by cannibal headhunter cheerleader, Judy Barto; Jonnilu Black was an enthusiastic Italian representative. Other skit characters were Judy Barto again as an English representative, Carol Lazor and Karen McKnight as Siameze twins, Claudia Neville and Sharon Swope as American Indians, Toni Brode from France, Anna Tedrow as a Russian "cheerleader," Carol Gumbert from Hawaii, Ginger Ripple in Chinese costume, Dottie Barto as a Mexican, and Connie Chamberlain as an Eskimo. Arthur Burkett, Walter Jenkins, Ronnie Pawuak, and Bob Scott also contributed an active part. All in all, "A World of Cheering," colorfully narrated by Shirley Bolinger, was a huge success because of Pep Club members and cheerleaders working together to present humorous entertainment to the entire student body.

Another skit, performed in basketball season, was "The Titan Brothers Circus" which found Anita Germeaux, Karen McKnight, Delphine Black, and Cindy Drenning looking like authentic circus clowns. Hattie "Jo" Berger entertained us as a gymnastic clown.

Although our Pep Club is only two years old, we like to feel that in some small way we have contributed to the many successes of our football and basketball teams by displaying school spirit and by supporting our teams.

Varsity Cheerleaders



An essential part of any athletic event is spirit. The difficult task of exuberance lies on the shoulders of our cheerleaders. Tirelessly they tumble, yell, lead the spectators in cheers, and perform stunts which would arouse any team. Added to their laudable work on the field and in the gymnasium, these robust individuals formulate new cheers and are the backbone of all pep rallies. To the cheerleaders—Shirley Bolinger, Judy Barto, Connie Chamberlain, Ginger Ripple, Toni Brode, Carol Gumbert, and Hattie Berger—should go a great majority of the credit for the athletic morals exhibited this year.

The 1962-63 varsity squad has been enthusiastic and harmonious in its endeavors and both original and creative in its various undertakings. It got a basis for the years presentations when they attended a cheering clinic last April in Hershey, Pennsylvania. It was conducted by Mr. Lawrence Herkimer, the National Director of Cheerleading in America. Mr. Herkimer conducts summer cheerleading camps throughout the United States, and the main goal of this year's cheerleading projects has been to earn funds with which to send squad members to such a camp. A week of supervised teaching and active trial-and-error participation in the presence of such professional cheering experts will assure Tussey Mountain cheerleaders of a solid foundation for future excellence in their squads.

Some of the projects and activities conducted by the cheerleaders this year were the Homecoming Dance, dances after the football games, Scarlet and Black Day, Silence Day, a trip to New Jersey to see Johnny Mathis, a Christmas party, the selling of numerous items to promote school spirit, and the presentation of pep rallies which included the following skits: "The Cheerleaders Mock the Players," "Trial by Jury," "A World of Cheering," "What Our Fellas Wear," a pantomime of a football game, and "Titan Brothers Circus."

The cheerleaders' and advisors' greatest concerns are the promotion of support for all athletic teams and the presentation of an attractive, skilled, and spirited group of girls who will represent Tussey Mountain proudly and honorably.

JUDY BARTO

SHIRLEY BOLINGER

CONNIE CHAMBERLAIN

Junior Varsity Cheerleaders

The Junior Varsity and Junior High cheerleaders and substitutes are now gaining skill and experience so that in future years they too may perhaps wear a Tussey varsity cheerleading uniform. Their enthusiasm has been excellent throughout the year and they are a definite asset to our school.

To aid the varsity squad, the J.V. cheerleaders—Captain Susan Warsing, Anita Germeaux, Cindy Drenning, Charlene Ripple, (not pictured), Bonnie Scitticat, Delphine Black, and Diane Walters—helped in numerous capacities with the skits at pep rallies and acted as very able substitutes at varsity games. Their primary role, however, is supporting our boys' J.V. teams. This is a large role in itself, especially during basketball season when the J.V. and varsity teams play an equal number of contests.

Junior High Cheerleaders

The Jr. High squad consists of Captain Sharon Swope, Brenda Seager, Janet Guines, Judy Brode, Linda Starr, Karen McKnight, Shelby Houck, and substitutes Claudia Neville, Jane Young, and Theresa Hydrick. These girls cheer all Jr. High athletic events and move up to the J.V. squad when a substitute is needed. The Jr. High cheerleaders have been extremely loyal to the cheering cause. They have worked hard in every respect, not only to better their own group, but also to give assistance to the entire cheerleading "family."

With eagerness and anticipation, these J.V. and Jr. High yell queens look forward to perhaps someday wearing the "crown" which to them is the most appealing and glorious of all—that of the varsity yell queen. May they have great success in striving for their goal.

Homecoming Queen

TUSSEY MOUNTAIN'S QUEEN

There she is—Tussey Mountain's Queen
There she is—our ideal
From all of the senior girls who are more than pretty,
We thought her to be more than fitting,
And she has turned out to be
The queen of femininity.
There she is—Tussey Mountain's Queen

There she is—warm and real
With all of her charms, her smile touched our hearts with joy,
As she took the arm of that lucky boy.
And there she is, walking on air she is,
Fairest of the fair she is—
Tussey Mountain's Queen.

SANDY PETERS

THE HOMECOMING DANCE

Autumn's important social event here at Tussey Mountain was our very first Homecoming Dance, held on November 10, in honor of past graduates of Tussey Mountain High School, especially the members of the Class of '62. It was sponsored by the cheerleaders.

The students chose Shirley Bolinger, a very active and lovely senior girl, to reign over the dance beside Football King, Don Baker. Shirley's attendants and their escorts were: Marilyn Garner escorted by Clay Donaldson, Catherine O'Neal with Don Donaldson, Sandy Peters on the arm of Jack Jones, and Sharon Smith escorted by John Mitchell.

A break in the dancing came with the crowning of the king and queen—until then, a well-kept secret from everyone, including the chosen ones—by Audrey Germaux, Football Queen of 1961, and Jim Williams, standing in for his brother Kelly, last year's Football King. Carol Markley rewrote the words to "The Theme from Miss America" and sang them for our queen under the title of "Tussey Mountain's Queen." Our queen was donned in an exquisite scarlet train and proudly wore a sparkling sapphire crown as she left the stage on the arm of her valiant king.

For the entertainment of the royal court, several students offered their musical ability. The pianists and vocalists included: Becky Barton, Connie Figard, Nancy Hickes, Eddie Browell, Carol Markley, and Jack Jones on the accordian. Steve Stoudnour performed the duties of master of ceremonies admirably. Dance music was provided by the Teardrops, one of our area's finest instrumental groups.

We can surely say that our first Homecoming Dance was a huge success, and everyone is most definitely looking forward to the Homecoming Dance of 1963.

To participate is to appreciate; to

The Tussey Mountain High School Band actively began the new school term by attending every football game and putting on terrific halftime shows. When it comes to making up a halftime routine for the band, "Shoe" does not fool around! He always comes up with something very clever, and this year was no exception. Seventy-five musicians, color guards, and majorettes stylishly performed in front of the grand stands and on the field.

The band ended the football season dashingly by appearing in their new black and scarlet uniforms for the last game of the season. They were a group of proud young people, and they would like to thank everyone who helped to make these new uniforms possible.

The year just would not be complete if our band did not attend some small parades,

T. Bowser, J. Patterson, J. Baughman, M. Sitch, R. Taylor, J. Ritchey. ROW 5: G. Leighty, L. Buseck, A. Ritchey, S. Buseck, J. Benner, P. Diehl, B. Barton, C. Cunningham, B. Rogers, M. Kaminsky, D. Weaver, C. Weaver. ROW 6: L. Ramper, R. Kifer, L. Meck, C. Eichelberger, C. Pennell, K. McClain, M. Garner. ROW 7: C. Markley, S. Capwell, N. Martin, A. Clapper, G. Benner, J. Donaldson, H. Kifer, A. Maslanik, M. Moseby, E. Browell.

appreciate is to enjoy.

and that it did. The band attended Christmas and Halloween parades and excellently represented Tussey Mountain. In addition to the parades, in Saxton and Cassville respectively, Band Day at Penn State was also excitedly attended and greatly enjoyed.

In December the band put on a fine Christmas program, consisting of many songs pertaining to the season. This outstanding holiday performance was given in the new auditorium to a capacity crowd.

The spring concert, baccalaureate, and graduation are other activities on Mr. Shoemaker's schedule for the school year. On the night of the latter, there will be fourteen members who will not be with the band, but will be slowly coming up the aisle in step with the music.

DISTRICT BAND MEMBERS: Peggy Allison, Eddie Browell, Carla Pennell, Nancy Hickes.

The Tussey Mountain High School Chorus, under the fine direction of Mr. Shoemaker, consists of the following musically inclined students: M. Hammond, N. Hickes, C. Figard, D. Troutman, K. Thomas, M. Smith, G. Miles, K. Rinehart, T. Bowser, M. Sitch, C. O'Neal, J. Shoemaker, J. McKnight, B. Sacratini, P. Allison, C. Worthing, S. Stapleton, C. Weaver, E. Browell, L. Buseck, J. May, B. Barton, J. Benner, B. Rogers, R. Taylor, B. Territo, D. Teeters, J. Patterson, M. Spencer, L. Sitch, E. Zink, J. Steele, D. Maslanik, D. Houck, L. Lehman, C. Hooper, J. Bollinger, C. Altobelli, A. White, L. Rickabaugh, N. Stinson, B. Russell, K. McClain, P. Diehl, N. Martin, A. Maslanik, H. Kifer, K. Yearick, A. Clapper, J. Donaldson, S. Capwell, H. Guines, M. Moseby, C. Pennell, M. Garner, R. Stevens, R. Hiquet, and C. Markley.

Try-outs for the chorus were held in November and received a huge response. As a result, fifty-nine students were selected for membership—sixteen 1st sopranos, sixteen 2nd sopranos, fourteen altos, and thirteen baritones.

The group made its first appearance during the month of December at the annual Christmas concert with Edward Browell as its fine accompanist. It is expected that the chorus will be making future appearances in several highlight school events—the annual Spring Musical Festival and the annual baccalaureate and commencement programs.

The dance band, which was organized after football season, is composed of sixteen musicians chosen from the marching band. It performed at the Christmas program, the April Fools Dance, and the Spring Music Festival. Its members are A. Maslanik, C. Pennell, J. Benner, J. Shoemaker, K. McClain, B. Barton, J. Steele, J. Donaldson, M. Smith, C. O'Neal, C. Markley, L. Holmes, A. Clapper, N. Martin, and E. Browell.

Future Nurses Club

The Future Nurses Club was formed to prepare high school girls with some knowledge of requirements and opportunities in the medical field. Under the guidance of Mrs. Shope, our school nurse, the members elected as their officers: Carolyn Hooper, president; Ann Hitchens, vice-president; Peggy Baker, treasurer; and Donna Baker, historian.

Monthly meetings are held during which guest speakers inform the group of different health fields.

Two projects this year sponsored by the Future Nurses were a Bundle Day Program for the benefit of needy people in mountains of the South and a breakfast survey of our high school students.

BACK ROW, Left to Right: Beverly Walter, Milly Ritchey, Lena Dolt, Mary Bush, Connie Ketner, Carolyn Hooper, Lois Rickabaugh, Henrietta Hydrick, Elaine Fluke, Carol Rhodes, Mrs. Shope. FRONT ROW, Left to Right: Mina Knode, Flora Dolt, Irene Putt, Janice McKnight, Donna Baker, Judy M. Stapleton, Dolores Mellott.

Aviation Club

OFFICERS AND MEMBERS: BACK ROW, Left to Right: Philip Childers, James Swope, secretary; Edward Scalla, James Zelanko, treasurer; Max Saylor, Walter Smith, Mr. T. Black. FRONT ROW, Left to Right: Paul Abbott, vice-president; David Schwartz, president; Stanley Amick, Ronald Buseck, Peter Asman. Allan Clapper and Herbert Dodson are not pictured.

Present and future technological advancements in the science of aviation will require well-trained personnel. Equally important will be the need for personnel that have strong personal interests and desires to participate in this fascinating and technical work.

The Tussey Mountain Aviation Club was organized with the purpose of contributing in a small way by providing interested students an opportunity to explore and study about some of the areas of interest in the field of aviation. Club members are encouraged to build model airplanes as homework activity. The highlight of the club's activities is the orientation flights made with their advisor at the local airports.

Hi-Y Club

ROW 1: Mr. Whitfield, advisor; D. Baker, T. Black, D. Donaldson, T. Clark, J. Reed, C. Donaldson. ROW 2: W. Curfman, D. Phipps, S. Steele, R. Spargo, A. Black, C. Lane, A. Miller, W. Clapper, J. Hoover, A. Burkett, J. Tydeman. ROW 3: J. Swope, J. Neville, S. Stoudnour, R. Fox, T. Giles, J. Giles, D. Black, G. Black, D. Black, W. Jenkins, D. Cessna, J. Stetchock, K. Yearick, D. McClain, J. Folk, P. Abbott, P. Asman.

The Tussey Mountain HI-Y Club has as its purpose to create, maintain, and extend throughout the home, school, and community, high standards of Christian character. Its advisor is Mr. James Whitfield, and for this school year it has elected the following officers: Don Donaldson, president; Don Baker, vice-president; Thorn Clark, secretary; Clay Donaldson, treasurer; James Gary Reed, chaplain; Thomas Black, historian.

Our HI-Y Club has been very active this past school year. Some of its activities have been as follows: a swimming party, a bowling party, a Christmas assembly, a Christmas tree in the hall during the week before Christmas vacation, devotions over the P.A. system during the week before Christmas, a movie for the student body, a hay ride, serving refreshments to the home team and opposing teams at all home basketball games, and attending the annual HI-Y Conference at Camp Soles near Somerset.

Below the members are shown demolishing a car which represented the opposing team at a football game that evening. We are most proud to state that the car and opponent were both well "beaten."

Tri-Hi-Y Club

This is the second year the Tussey Mountain Tri-Hi-Y club has been in operation. Under the guidance of Miss Angle, the club has been very successful and has grown considerably. She has given to the members of the club many hours of hard work, for which they want to thank her.

This year's projects and activities were numerous indeed. They consisted of the adoption of an orphan, providing the school library with The Daily News, helping the Hi-Y Club with the Christmas tree in the main lobby, having devotions over the public address system, St. Patrick's Day dance, selling greeting cards and novelties, and a trip to Hershey where they beheld the spectacular Ice Capades.

A. Tedrow, treasurer; Miss Angle, Advisor; S. Worthing, president; J. Thomas, secretary; J. Diehl, sergeant at arms; D. Zimmerman, senior; J. Hockenberry, vice-president; J. Wise, historian; E. Lodge, senior; A. Hitchens, chaplain (not pictured)

Their proudest accomplishment was the adoption of an orphan from India. The adoption has been the aim of the Tussey Mountain Tri-Hi-Y Club for the past year. Through the hard work and effort of former and present members, their aim was attained. The support of the orphan will continue in the following years by selling magazines. You can be sure they are very proud "parents."

The club, which is composed of 71 members, is affiliated with the State Y.M.C.A. and the National Hi-Y Fellowship. "Pure thoughts, pure words, pure actions" is the motto of the club.

The National Honor Society

The National Honor Society was formed to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and develop character in the students of American secondary schools.

The Tussey Mountain Chapter of this national society, having these same objectives for its purpose, was organized in the spring of 1962. This first induction ceremony was conducted by the members of the Everett Chapter of the National Honor Society and their sponsor, Miss Thelma Morse.

The charter members inducted at that time were: Sam Cessna, Lee Ann Clark, Carol Cornely, Donald Kegarise, Jane McCahan, Ernest Peters, Kay Spencer, Sally Steele, Sue Stetchock, Shirley Bolinger, Betty Brown, Don Donaldson, Annamary May, Christie Stoler, and Adina White.

This year's members have regular bi-monthly meetings. Presiding at these meetings are Don Donaldson as president, Adina White as vice-president, Christie Stoler as secretary, and Betty Brown as treasurer.

The society is also under the guidance of a chapter council, consisting of the principal, Mr. Wilson Gates, Mr. G. Allen Hoover, Mr. Blair Treasure, Miss Evelyn Mayer, Miss Ann Marcocci, and Miss Grace Rankin, chapter sponsor.

Enriching the cultural aspects of our students by presenting a literary film; encouraging scholarship improvements by sending a letter of commendation to all students whose names appeared on the Honor Roll; and showing appreciation for fine works of students by maintaining a bulletin board for exhibiting such works were some of this year's activities.

Induction Service

Seventeen students were inducted in an impressive ceremony into our Tussey Mountain chapter of the National Honor Society on February 8 in the high school auditorium.

Mr. Wilson Gates, principal, opened the program by warmly welcoming the parents of the candidates and the senior high student body.

The six senior charter members inducted into the society last year, dressed in robes and stoles, took charge of the services under the direction of Miss Grace Rankin, the chapter's sponsor. It was their main purpose in these services to make clear the four cardinal principles on which our society is based. They did this extremely well as they spoke upon Scholarship, Leadership, Character, and Service.

The new members were summoned to the stage by secretary, Christy Stoler. They pledged their allegiance to the society and were presented with certificates, pins, and membership cards.

Juniors

These are the juniors that were inducted on February 8 into the Tussey Mountain chapter of the National Honor Society. They are Rebecca Barton, Richard Fox, Carol Markley, Nancy Jo Martin, Carla Pennell, Stephen Stetchock (recognized in their sophomore year as probationary members) Dorothy Barto, Rose Covert, Walter Curfman, Linda Everhart, Ruth Ann Hooper, Robert Spargo, and Phyllis Taylor. As seniors next year it will be their duty to conduct the formal and impressive induction services and to serve our school by fostering and encouraging the high ideals for which their society stands.

Seniors and Sophomores

Four seems to be the magic number as the four newly inducted seniors: Judy Barto, Helen Guines, James Gary Reed, and Sharon Smith explain to the four sophomore probationary members recognized this year—Claudia Barton, Donna Brown, John Hamman, and Kenneth Yearick—that to become and remain a member of the National Honor Society a student must be accomplished in four fields of endeavor. One can not be admitted on Scholarship, Character, Leadership, or Service alone, but he must excel in all these.

Girls' Varsity Basketball

STANDING: Connie Figard, Kay Moyle, Mary Baker, Margie Kelly, Joanne DeLuca, Deanna Brown, Genevieve Reed, Joyce Bollinger, Dottie Barto, Judy Barto, Shirley Hockenberry, Hattie Berger, Linda Neuder, Mary A. Abbott, Miss Felock, Miss Mayer. KNEELING: Judy Wilkins, Virginia Ripple, Jonnilu Black.

The girl's varsity team, being donned with new scarlet and black satin uniforms and having an awareness of the stamina they must possess for the new roving player game rules, began the season with vigorous practice under the direction of Miss Mayer and Miss Felock. With a great team spirit and the never-quit attitude of every member of the squad a victorious season lies ahead. The fine leadership of seniors Mary Anne Abbott, Judy Barto, Joanne DeLuca, and Genevieve Reed is greatly responsible for the harmonious and skillful group that represents Tussey Mountain girls in the varsity athletic program this year of '1962-63.

Library Aides

Each year Miss Marcocci, our school librarian, chooses a few girls to assist her in the library. Eight girls were chosen as library aides this year.

As each girl was "recruited" she was shown the basic steps of giving assistance in the library by either Miss Marcocci or by another aide. Learning to read the shelves, preparing books for circulation, and the signing out of books are some of the more mechanical duties performed by the girls. Having been freed from these duties, the librarian is left with more time in which to give individual attention to the students.

While working in the library, the aides have an excellent opportunity to widen their knowledge and to give useful information to their fellow classmates.

SENIOR AND SOPHOMORE TEAM—ROW 1: Miss Felock, J. Barto, J. May, D. Willison, M. Abbott, H. Berger, C. Gumbert, J. Black. ROW 2: J. DeLuca, L. Sleaster, D. Thomas, L. Dolt, G. Reed, S. Capwell. ROW 3: I. Putt, J. Thomas, N. Stinson, A. Tedrow.

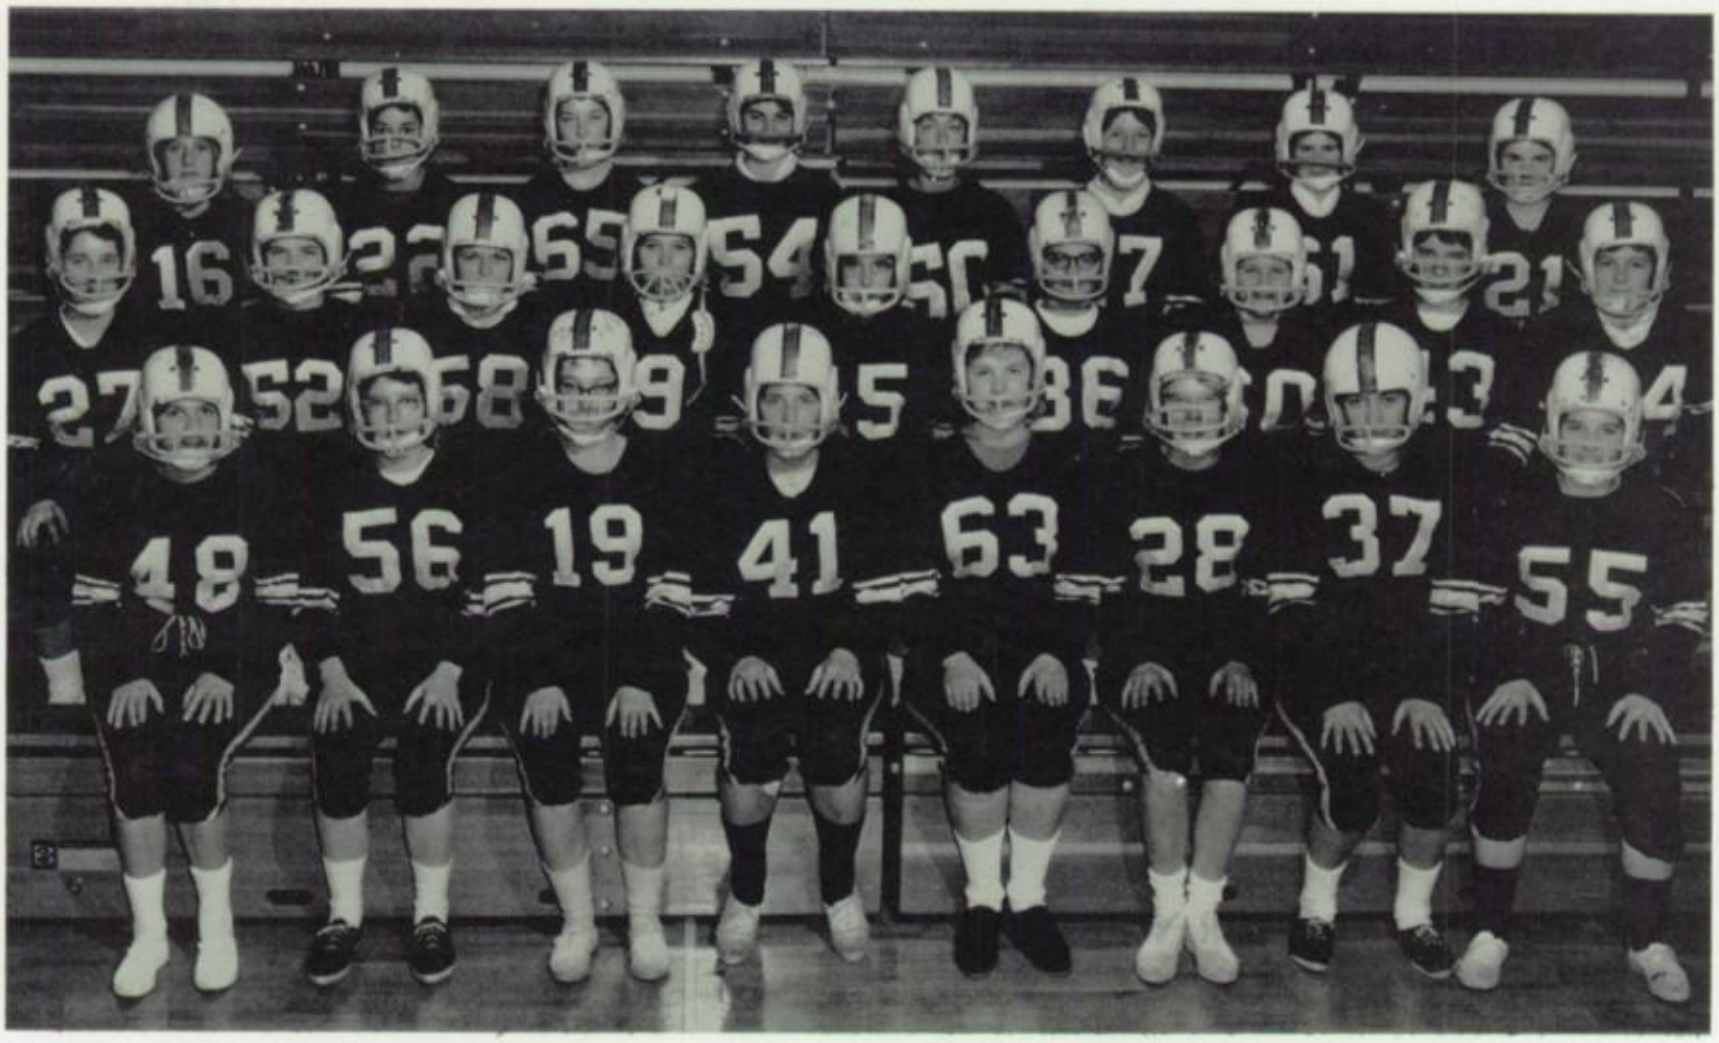
THE POWDER PUFF FOOTBALL GAME

The football season made its appearance not too soon for the so called weaker sex. The two opposing teams consisted of juniors and a combination of sophomores and seniors, with Miss Mayer and Miss Felock coaching respectively. Although neither team scored, the girls had the opportunity through experience to gain a better understanding of the techniques of the game and the problems with which a football player is faced—some of these being spirit, adroitness, and training, which together make a winning combination. A good community crowd was on hand to witness and greatly enjoy a well-played, but very muddy contest!

The sophomore and senior female gridironers were a rowdy and persistent crew that never let up for a moment in combating their Junior opponents. Although the game was termed and anticipated to be touch football, the aggressiveness of both teams, combined with tremendous spirit and a very slippery and wet field, resulted in many players hitting the muddy turf. Speed on foot was difficult to attain, but senior halfback Darla Willison managed to break loose in the 4th quarter behind some determined team blocking to run some 80 yards for a goal line conquer. Although a clipping penalty erased the score from the record book, the feat thrilled the crowd and added to the excitement.

Below official Peden observes the actions of the rough and tumble powder puff teams.

Powder-Puff Football

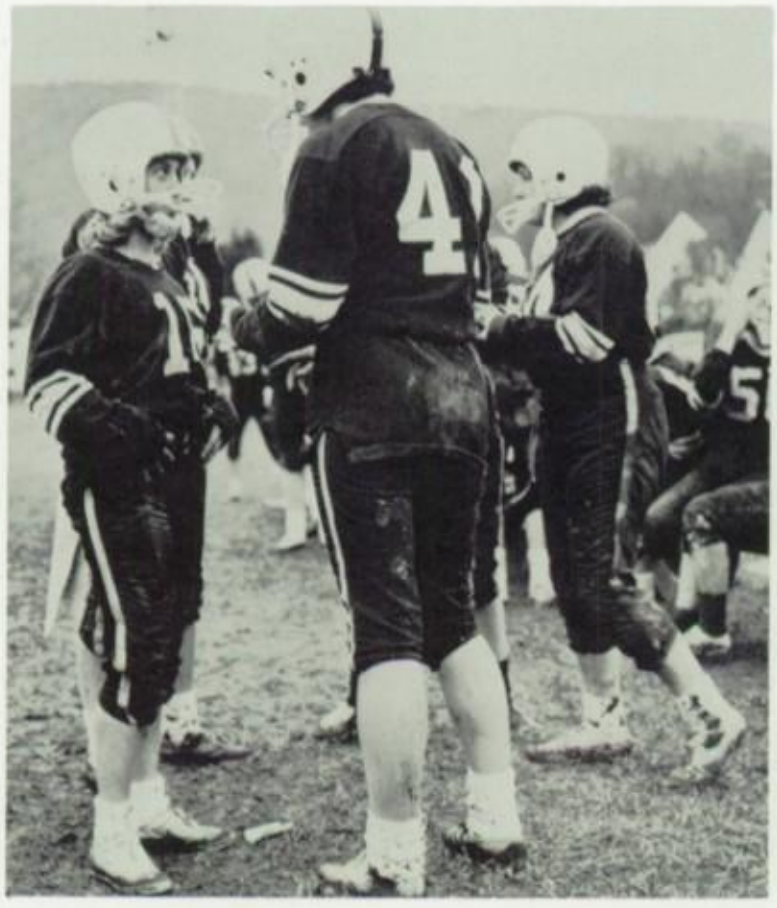


JUNIOR TEAM—ROW 1: D. Barto, B. Barton, P. Baker, A. Maslanik, C. Markley, N. Martin, L. Neuder, S. Abbott. ROW 2: S. Heath, T. Bowser, P. Mykut, D. Hoover, D. Bivens, K. Kaminsky, D. Brown, K. Rinehart, M. Baker. ROW 3: C. Figard, T. Brode, J. Wilkins, N. Hickes, C. Angelo, G. Miles, K. Moyle, B. Sacratina.

The Junior gridiron lassies laid aside their feministic frills and replaced them with football helmets and full uniform attire to meet their similarly garbed opponents. The Juniors were equipped with more than a dozen different plays to be run from a split-T formation. Several weeks of practice for the contest were not taken lightly, and it was no accident that both teams gave such notable accounts of themselves on the fields of play.

The Junior girls were the first to score—or so they thought when in the 2nd quarter an alert and scrappy defense pushed its opponents back toward their goal and then blocked a senior-sophomore punt and recovered the ball in the end zone. However, a penalty was called for "roughing the kicker" and the score quickly reverted to a scoreless tie.

Some twenty-five girls from the class of '64 tirelessly and enthusiastically donated their physical exertion, skill, and spirit to representing their class in this first Tussey Mountain Powder Puff contest. It was their class project and they supported it to the very best of their ability, enjoying every minute of it. Every girl who participated will long remember the laps they ran around the football field to build endurance, the drills to acquire the basic game skills such as blocking, passing, and receiving, and of course all the initial confusion when the formations and play strategy were first introduced. But it was all fun, and it was all rich in wholesome memories which were climaxed by a party which was held at Miss Mayer's in honor of the successful class event.



Halftime gives opportunity for wide-eyed strategy discussion.

Although eating during a game might be considered unorthodox, the players have to keep up their strength.

The Night

On May 11, 1962, the gymnasium doors were opened for the first glimpse of our Junior-Senior Prom. Buddy Kyler and "The Serenaders" were obtained for this gala event. The orchestra started the evening by playing the theme song for our Prom, "Hello Young Lovers." Their music proved to be very beautiful throughout the entire evening.

The theme of the prom, "Hello Young Lovers," was beautifully carried out by the use of rainbow colored crepe paper, a huge crystal ball, a grass covered hill, and young lover silhouettes. The huge crystal ball was hung in the center of the ceiling from which alternate shades of crepe paper were draped into a carrousel effect. The center of the dance floor was transformed into a hill of grass and flowers upon which were placed silhouettes of young lovers. A breath of romance was achieved by this arrangement and by putting silhouettes on the walls.

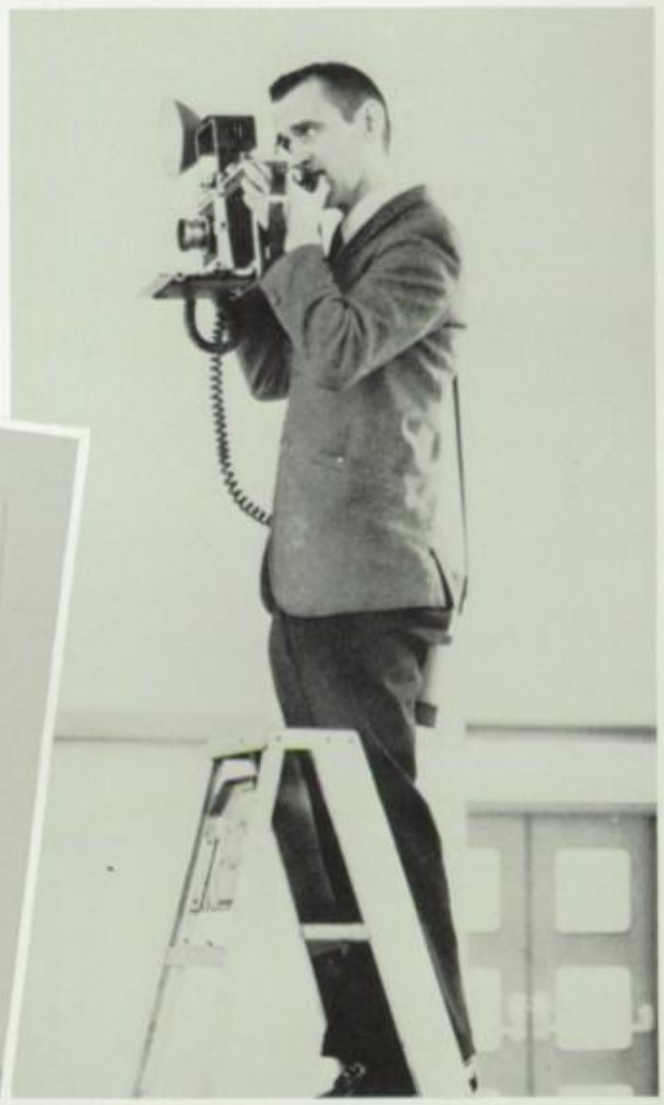
Intermission entertainment was provided by Connie Reed and Chester Guthridge who presented some exciting dances and Carol Markley who thrilled the audience with her beautiful voice when she sang "Hello Young Lovers." Eddie Browell, her accompanist, ended the entertainment by playing "Blue Moon." Dancing was again enjoyed until 12:00 P.M., and then the prom was officially closed with the playing of "Goodnight Sweetheart."

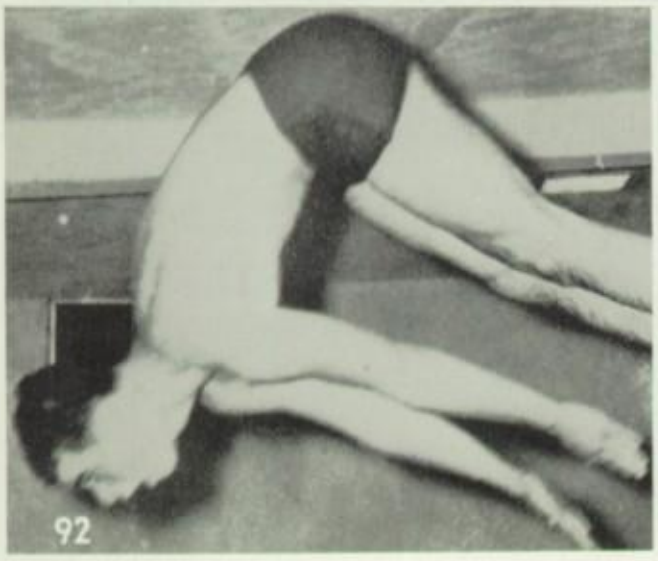
The doors are now closed on our prom. There is no evidence that the gymnasium was once gaily decorated, but if you listen closely you can still hear strains of "Hello Young Lovers."

For Young Lovers

After feasting our eyes upon the beautiful transformation of the gym, we satisfied our hunger on the refreshments. The menu consisted of Sweetheart Punch, Moonstones, Star Chips, Moonlight Nuggets, Crystal Delights, and Dream Sticks. Everyone enjoyed the delicious and unusually named foods.

Activities of a





Tussey Student

Last Will and Testament

I, Mary Abbott, hereby will my No. 12 basketball uniform to "Protege," Joyce Bollinger.

I, Bill Bailey, hereby will my "golden toe" to Tom Neuder.

I, Carolyn Baker, hereby will my cooking ability to anyone who is looking for a husband.

I, Don Baker, will my ability to play football, and also to lift weights, to Jerry Dixon.

I, Dennis Barber, hereby will my good driving ability to David McClain.

I, Patricia Barber, hereby will my five-minute timed writings to the clerical students.

I, Judy Barto, hereby will my many happy hours spent in the gym, and especially on the basketball team, to my sister Dottie.

I, Gary Benner, will my ability to play the bass drum to Danny Maslanik.

I, Daryl Glenn Black, hereby will my artistic ability to Ronnie Swindell.

I, Garry Black, hereby will my seat in advanced math to the lucky Junior next year.

I, Mickey Black, hereby will my art of getting into trouble to John Leader.

I, Thomas Black, hereby will my extra points in Physics class to any junior who might need them next year.

I, Shirley Bolinger, hereby will my throne to the lucky girl who is elected Homecoming Queen in 1963.

I, Steve Bollinger, hereby will my football jersey to Allan Hoffman.

I, Betty Brown, hereby will my long nails to any junior who can refrain from biting them.

I, Judy Brumbaugh, hereby will my three odd inches to Irene Putt.

I, Allan Buckley, hereby will my stool in senior science to anyone who wants to sit in front of Mr. Whitfield.

I, Connie Chamberlain, hereby will my ability not to get hurt in cheering practice to Hattie Berger.

I, James Chamberlain, hereby will my football jersey to Tom Burke.

I, Barry Clark, hereby will my seat in Mr. Troy's P.O.D. class to Tom Burke.

I, Thorn John Clark, hereby will all my low grades to David McClain.

I, Donna Cresswell, hereby will all my school books to my sister Dianne.

I, Joanne De Luca, will my basketball uniform No. 13 to Diane Banco.

I, Joanne Diehl, hereby will my job as chairman of the sales committee to anyone who wants it.

I, Clay Donaldson, hereby will my size 13 football spikes to David Cessna.

I, Don Donaldson, hereby will my athletic ability to Mr. Latina.

I, Jon Donaldson, hereby will my life experiences to anyone who wants them.

I, Cheryl Dawn Drenning, hereby will my Drenning name to Suzanne Abbott.

I, Robert Figard, hereby will the name "Roger" back to Mr. Troy.

I, Larson Foor, hereby will all my memories of Mr. Scarcia's study hall to Irene Putt and Flora Dolt.

I, Tom Gates, hereby will all my good math grades back to Miss Angle for some other student.

I, Linda Grace, hereby will my Royal typewriter to the junior stenographic girls.

I, Helen Guines, hereby will my ability to get along with Mr. Latina to some unfortunate student who has lunch the sixth period.

I, Fern Hall, hereby will my school attendance record to Nancy Foor.

I, Nellie Hiquet, hereby will my clerical typing project to my cousin Renee Hiquet.

I, Ann Hitchens, hereby will my position as the Tri-Hi-Y chaplain to a lucky junior member of the club.

I, Juanita Hockenberry, hereby will my typewriter to Marie Aller.

I, Thomas Houp, hereby will my ninth period English class to the juniors.

I, Connie Ketner, hereby will my school books to anyone who wants them.

I, Edna Lodge, hereby will my tallness to Brenda Sacratini and hope she will be happy with it.

I, Gloria Masemore, hereby will my office practice book to anyone who can keep up with the pace.

I, Annamary May, hereby will Tiki's worn out horse shoes to Chuck Long to save on shoe bills.

I, Ida Jane Meck, hereby will my ability to do my own work to any student needing it.

I, Robert Mellott, hereby will my skating ability to Linda Douglas.

I, Richard Mervin, hereby will my textbooks to the person, or persons, who will blow out the dust.

I, Harry McGhee, hereby will my ability to make high grades to Judie Wilkins.

I, John Mitchell, hereby will my perfect attendance to Joe Husick.

I, Don Nolan, hereby will my ability to play good clean basketball to Harry Kifer.

I, Cathy O'Neal, hereby will my ability to dance to Steve Stoudnour.

I, Joyce Patterson, hereby will my smile to any pessimistic person.

I, Hazel Pittman, hereby will my eating ability in Home Ec. classes to Lyda Warsing.

I, Donna Putt, hereby will my position in the cafeteria to my sister Beverley.

I, Gary Reed, hereby will my success to beat pinball machines to Tom Rupert.

I, James Gary Reed, hereby will my tow-truck service to any junior with a pick-up.

I, Caroline Rickeard, hereby will my glasses to Carol Holmes.

I, Norman Ritchey, hereby will my ability to get into accidents to Allen Black.

I, William Ross, hereby will my roller skating ability to Eleanor.

I, Jean Scott, hereby will my office practice books to anyone who would like to have them.

I, Robert Sitch, hereby will my angel-like behavior to Leroy Corbin.

I, Leanna Sleaster, hereby will the apron and reflector that were left in my car to Hattie Berger.

I, Janice Smith, hereby will my glasses to Bonnie Rightenour.

I, Sharon Smith, hereby will my typing ability to my niece, Cheryl Leighty.

I, Marnie Spencer, hereby will my head majorette uniform to Carla Pennell.

I, J. A. Steele, hereby will my art talent and the abilities therein to Mr. Pannebaker.

I, Nancy Stinson, hereby will my easy bruising ability in gym class to a non-athletic person.

I, Christy Stoler, hereby will my naturally curly hair to Bett Jean Russell.

I, John Swope, hereby will my English book to any "A" student in Mrs. Ritchey's class.

I, Anna Tedrow, hereby will my ability to get on Mr. Whitfield's nerves to any poor person who doesn't know how.

I, T. George Trohanowsky, hereby will my ability to make high grades in senior science to one of the students next year.

I, William Watkins, hereby will my P.O.D. book to one of next year's lucky students.

I, Adina White, hereby will my position as vice-president of the National Honor Society to any deserving junior, and my writing ability to Carol Markley.

I, Mac Whited, hereby will all the long shots that I missed in the basketball games to Mr. Whitfield.

I, Darla Willison, hereby will my touchdown which was called back to the Junior Football Team.

I, Jessie Wise, hereby will my ability to find a seat in a crowded bus to my sister Donna.

I, Sandy Worthing, hereby will the presidency of the Tri-Hi-Y to a deserving girl.

I, Donna Zimmerman, hereby will my shyness to any forward person.

Class Prophecy

The assignment of the class prophecy was given to me, *Genevieve Reed*. Knowing of the many unbelievable changes, which can take place in a span of ten or more years—changes which at this time seemed impossible to foresee—I realized that in order to give any nearly accurate visions would seem to be more or less a weird and difficult task. Remembering a very old resident of the Broad Top who often told me of a talented woman who accurately prophesied, I set forth a plan. It seemed he very often went across the Cove Mountain, back into the mountains near Henrietta where the old trail was used by foot travelers to reach the railroad. Many times this old fellow dropped off to rest and visit with an elderly woman known as Madame Tahari, the "Crystal Gazer." I followed the directions just as the old man described. It was quite an experience, but so rewarding.

Madame Tahari received me warmly by serving me some special tea potion, as she called it, and dream cookies. Settled comfortably, she then was ready to hear how I found her and why. Well, after much persuasion, she finally learned what I had in mind.

A great ceremony took place in bringing forth the beautiful, enchanting crystal ball and ancient robes. She divided her ritual into North, East, South, and West waves that meant different parts of the country or perhaps the world. I was all ready and eager, feeling myself rather off in the space of prophecy.

As the crystal swayed sporadically in all directions, Madame Tahari confidently told of her findings.

Jon Donaldson. a C.P.A., will audit the accounts of *Robert Figard* who will do well with "Figard Lumber Company." His qualified lumbermen will be *Max Saylor* and *Bill Watkins*.

Richard Mervin will work hard at Rick's Pizza Shop in Six Mile Run. The shop will be very cozy with its checkered table cloths which will be laundered by *Hazel Pittman,* manager of "Efficient Cleaners" in Saxton. *Walter Jenkins* will own the company. The wine served with the pizza will be exquisitely selected and imported from France where *Mickey Black* owns his own wine yard. Several of Rick's customers include *Larson Foor, Gary Reed,* and *Fern Haall,* who are all employed in the area.

Susan Capwell and Ann *Hitchens* look immaculate in their nurse's uniforms. Both nurse at J. C. Blair Memorial Hospital in Huntington. Also, *Helen Guines* and *Connie Ketner* are competent nurses in Roaring Springs and Cumberland respectively.

As she continued to glare into her mystical ball, the cloud still stayed in the Broad Top area.

Cheryl Drenning, Linda Grace, Sandra (Peters) Davis, and *Bonnie (Brandick) Daniels,* and *Carolyn Baker* are successfully creating in women's honorable career, homemaking.

Sharon Smith, secretary at Tussey Mountain High, is loafing on the job. She's dreaming and planning for the construction of her new home. *Thorn Clark,* being a graduate of Penn State in the field of architecture, will design it aside of many other homes in the central part of Pennsylvania. His plans will be carried our by *Robert Mellott,* a well qualified carpenter. The cement work will be done by *Alan Buckley* and *Jim Foor,* who both work for the same reliable enterprise.

Barry Clark has bought the vast majority of coal land in the area. He ships the coal to large cities on the Eastern coast to garment factories where, in the various places, *Joanne DeLuca, Donna Cresswell, Jessie Wise,* and *Nellie Hiquet* are working as secretaries. The coal is no longer used as a fuel but an ingredient used for a new versatile cloth.

Scenic Drive (no longer just Cove Mountain) claims a modern garage owned by *Norman Ritchey* and a gorgeous restaurant owned and operated by *George Trohanousky,* who has *Joanne Diehl* and *Donna Zimmerman* as cashiers.

Norman has chief competitors, being *Johnny Mitchell* and *Daryl Black* who refer to themselves as "grease monkeys." Their secretaries are *Shirley Bolinger* and *Darla Willison*.

William Ross puts out a weekly edition of the "Broad Top Bulletin" since he is now the owner. *Dolores Thomas* and *Janice Smith* are his secretaries. By reading the paper, it can be seen that *Ida Jane Meck* and *Patricia Barber,* his reporters, are always at the scene.

Jack Jones, now the coach of T.M.H.S. by the way, brings glory to Titans since they will have many victorious seasons. While in the athletic field, Madame Tahari visualizes *Don Baker* as a heavyweight boxer competing for the heavyweight championship at Madison Square Garden. She tells me that Don will share his popularity with *Don Donaldson,* highly rated player for the Pittsburgh Pirates.

Still in the Broad Top, the cloud settles upon *Eugene Black* and *James Chamberlain,* both of whom are

loved by the children of the area who ride on the bus driven by Eugene and James.

Tommy Graffious owns the top T.V. repair shop in this area and owns a record shop in Stonerstown also.

Christie Stoler, who is the top fashion buyer for Tiffany's in New York City, exquisitely designs *Marnie Spencer's* wardrobe as she models in New York.

As the misty wave scans New York, *Donald Pittman* and *Milton Lemin* are cab drivers in the city. Next, winding up at Niagara Falls, *Harry McGhee* is a tourist guide. He occasionally has the pleasure of showing the famous spot to some of the class members. *Catherine O'Neal* and *Donna Doyle,* who are on their honeymoon after a double wedding, are presently the travelers.

Drifting to the south, *James Gary Reed* is continually gaining recognition as a veterinarian in Baltimore where he conducts brilliant experiments.

Eddie Browell received his degree in orthodontics at the University of Maryland. His office, located in Hagerstown, is efficiently run by his medical secretaries, *Juanita Hockenberry* and *Judy Thomas.*

Tom Gates is referred as the "fellow of leisure" since he owns his department store in Akron, Ohio. He occasionally comes in contact with *Clay Donaldson* when he goes to "Clay's Way to Better Health" for a work out.

Mary Ann Abbott runs her own millinery shop in Ohio.

The wheat fields of Kansas seem to be in view. Who do we see but *LeRoy Black* preparing for spring planting. Irrigation of the fields in the area are laid out by *Malcolm Whited,* assistant engineer to *Gary Martin,* who is presently on an assignment in Nevada.

Four of our alumni have gained recognition as coiffures *Carolyn Rickeard, Donna Putt, Jonnilu Black,* and *Connie Chamberlain.* Each has her shop in Pennsylvania at Huntingdon, Bedford, Pittsburg, and Philadelphia respectively. Their secretaries are *Edna Lodge, Gloria Masemore, Jean Scott,* and *Sandra Worthing.*

Marilyn Garner and *Carol Mellott* will be the cosmopolitans of the class since they are air line stewardesses for Pan American. In their journeys they will see several alumni who have made careers of branches of the service. They are stationed, according to the mystical ball, as follows: at White Sands Missile Base, New Mexico, is *Joe Banco;* at Norfolk Naval Base is *Don Nolan;* at Beale Air Force Base is *Tom Houp; Steve Bollinger* is at Lackland Air Force Base; *Freddie Hinkle* is at Franksburg, Germany; and *Roy Cresswell* and *Bill Bailey* in Ingringles, France.

As her hand sways over the sphere, I find myself looking at Texas where *Jack Heister* and *John Swope* are taking top prizes in a rodeo held at San Antonio. The sleek stallions they ride belong to their boss, *Bobby Sitch.*

What a coincidence to find *Annamary May* owning a ranch in Texas also. The beauty of property can be accredited to her foreman, *Gary Benner.*

I feel my joy bursting forth as I learn that *Jim Tydeman* will be U. S. Foreign Ambassador to U.S.S.R. and *Tom Black* will be one of our top scientists.

Promoting our educational system, aside from myself, are *Betty Brown* in home economics, *Leanna Sleaster* in physical education, *Jeff Steele* in biology, and *Adina White* as an English teacher. They are all on the western coast of the U. S., except for Adina, who is working on a novel in Massachusetts.

Although *Gary Black* will not go to college, he will have his barber shop at Penn State where he will have a tremendous business.

I see a pretty blonde in an executive building. Madame says it's *Anna Mary Young* who is working for a top business official in Washington, D. C.

Madame now sees a loquacious girl who seems to be delaying time in Congress. She is using dilatory tactics as a filibuster. Who would this be but *Anna Tedrow.*

Joyce Patterson, Judy Barto and *Nancy Stinson* will see each other frequently in Harrisburg where they all work for Nationwide Insurance Company.

The white cloud seems to be turning orange. We are coming to a *Howard Johnson* restaurant where *Judy Brumbaugh* is head chef.

As the smoke began to fade, I saw the construction of a modern home. *Dennis Barber,* seemed to be supervising. Oh! Madame, tell me this will be my home and the work will be done by Dennis Barber, a carpenter who owns his own firm.

The smoke has vanished and I seem to be back to reality. Madame confirms that our class will prove to be progressive, moving, and advancing with the rest of the world. If her prophecy holds true, I am sure we'll all agree!
